

## **GRADE 8 SUMMER READING 2021**

*Stories from Shakespeare* specifically the version by Marchette Chute (ISBN 978-0452010611). This book is a collection of stories. Students should read "Romeo and Juliet" and "Henry VIII" plus one additional story (student choice).

Students should be prepared to actively discuss the stories during the first week of school and engage in academic work related to the reading.

If not completed already, rising 8th graders should work on keyboarding proficiency over the summer. We recommend using [Typing.com](https://www.typing.com/), working up through the Advanced typing lessons.
