

Why Go Digital? It's not just time. Or money. It's both—and more.

When you Go Digital, you save time and money. And that's just the beginning. No matter how many miles you drive, going digital will take you further.

To save you time and money, help your transportation business run a whole lot smoother, and eliminate many of the billing, reporting, and communication hassles you face every day, Modivcare is going fully digital by year's end. All of our transportation providers will need to convert to a digital platform by then.

You'll be glad you did. Because benefits to your business are both immediate and long-term—and significant.

Here's what you can expect once you Go Digital:

Improved
billing

Smoother
operations

Increased
revenue

Improved member/TP
experience

Rebate plan
bonus earnings

Some of the benefits, in brief:

Get paid
faster

with faster online
claims submissions

Easier
reporting
and billing
for drivers

Extra \$.10
per trip

through rebates
if eligible

capacity
profitability
trip volume

with same day and/or
on-demand rides

Capture real-time ride
events and establish critical
last-mile connectivity

cancel-at-door
and no-shows

Increase
profitability

with route optimization
and number of rides you
can cover

Choose the
digital platform
best for you

WellRyde, MediRoutes,
TripMaster, or
Circulation Drive

We're here to help!
