

## **5S Methodology for Digital Transformation.**

**01**

### **Span.**

Span the gaps between your organisation, the people it's meant to serve, and the changes happening around it.

**02**

### **Show.**

Uncover the hidden barriers in your people, processes and platforms. Discover useful assets and required resources to plan and prioritise its routes to transformation.

**03**

### **Solutions.**

Develop and deploy solutions in short cycles, test with real users, and improve as you go to know which innovations can scale.

**04**

### **Support.**

Gain support by leveraging successes to access greater resources, influence, and space to scale new solutions, ways of working, and the innovation mindset.

**05**

### **Spread.**

Spread new innovations and ways of working systematically across the organisation to make thriving in changing environments the new business as usual.
