MASTER PARTS PRICE LIST

Part numbers and prices are consolidated in numeric sequence. Exploded views, or cross section drawings, have been provided in a separate parts manual to enable you to locate the proper part number.

As an example, if you desire to price a mechanical seal for a E4T bronze fitted regenerative turbine pump:

1. Refer to the turbine pump section 100 in the master parts manual.
2. Refer to the parts bulletin 110P for two stage pumps.
3. Refer to the pump exploded view and note that the piece number for the mechanical seal is item 24.
4. Turn to the parts list and locate item 24. Under the part number column, you will note the number is 712-6444-.
5. The material suffix column for bronze fitted indicates the material code is 749. The complete part number for the E4T mechanical seal is 712-6444-749.
6. Refer to the part number in the enclosed price list for the price.

To further assure that correct parts are ordered also specify the following:

1. Complete part number.
2. Pump type and model.
3. Pump size.
4. Pump serial number.

Note:

1. Aurora Pump reserves the right to change prices without notice.
2. For part numbers and material codes not listed refer to factory.
3. Obs –These are obsolete part numbers.
