\*\*200 and 208 volt motors available with extended delivery.

**Maximum working pressures for Model CVE Casings (non-shock service)**

Flange	125 lb Flange
Case	C.I. Casing
Temperature	To 100° F   To 250° F
Pressure	175   150

Balanced seals required on all applications above 150 psi WP.  
125 lb flanges have same drilling as 150 lb steel flanges.  
Standard connections are 125 lb flanged rated at 175 psi WP.

**Certified Performance Tests**

All Section 320 Uni-Pumps are hydrostatic tested to 1 1/2 times the discharge pressure as standard. No charge.  
For Certified Report See Test Section

### Closed Coupled In-Line Flange Connections
