

**Sleep
Cool & Dry
on a
Cloud of Air**

**Wake up Feeling
Cool & Refreshed**

- **3-layer ventilated system provides all night cooling relief**

The top layer has thousands of resilient fibers that act as independent springs to keep airflow channels open. This combines with a **hidden layer of 3D Mesh** for cloudlike sleeping comfort to keep sleepers cool and dry.

Ventilated, Contoured Memory Foam provides orthopedic support and promotes air circulation.

Soft, Breathable Cover wicks away moisture.

Excellent for back, side, or stomach sleepers.

- **The famous contour shape supports and aligns the spine for a great night's sleep.**

- **Support lobes come in two heights to provide the perfect support for the neck and head**

**Attractive Package Design
Grabs the
Consumers' Attention**

Stacks, Stands, or Hangs
