

**MATRAX THROW-N-GO MATS.
THE LIGHTEST 4' X 8' GROUND
PROTECTION MATS ON THE MARKET.**

Matrax 4x8 TNG Ground Protection Mats

The lightweight, cost-effective alternative to other options – Just Throw-N-Go! At just 75 lbs, Matrax 4x8 TNG mats are the lightest option on the market, creating less stress on workers and helping to reduce freight costs. Tough and robust they are the ideal alternative to plywood that warps, splinters, and degrades. TNG mats will not absorb oil and contaminants, are easy to clean and will maintain their properties over many uses.

FEATURES

- Ergonomic, molded hand holes provide ease of handling
- Holes in all four corners allow mats to be connected
- Translucent white color minimizes heat stress on grass
- Two-sided tread pattern minimizes point loading and creates a safe and stable surface
- Designed to align perfectly when stacked - no offsetting required
- Will not splinter or rot
- Easy to clean
- Reusable and recyclable
- 100% made in the USA

Applications

Protects against rutting and irreparable damage to grass, and sensitive grounds:

Provides safe site access onto soft, uneven, and undulating ground

-  Landscaping and tree maintenance
-  Pool installation
-  Golf course maintenance
-  Cemetery grounds work
-  Building repair and maintenance
-  Sports field turf

-  Safe pedestrian walkways
-  Outdoor events
-  Construction sites
-  Beach Access
