

*Pearl Tomato*<sup>™</sup>  
White Tomato

## PRODUCT INFORMATION

### WHITE TOMATO

Vesta Ingredients has been a leader in the nutraceuticals industry for over 25 years. The superior quality of Vesta Brand raw ingredients has ensured the success of our clientele.

### What is Pearl Tomato<sup>™</sup>?

Pearl Tomato<sup>™</sup> is a proprietary tomato extract powder, uniquely rich in the multi-functional colorless carotenoids, sourced from specially selected non-GMO tomato fruit. This ingredient can be used in the food and beauty industry.

### About Pearl Tomato<sup>™</sup>

There are many different carotenoids and all different colors. The more common known carotenoids are Beta Carotene (found in carrots) and Lycopene (found in tomatoes). White tomatoes are without color but still have carotenoids, while colorless the ingredient does not absorb visible light spectrum, instead it absorbs at a lower or higher wavelength (UV or Infrared).

Carotenoids have been shown to benefit skin health by supporting a clearer complexion while also maintaining the quality of the skin.

### Benefits of Pearl Tomato<sup>™</sup>

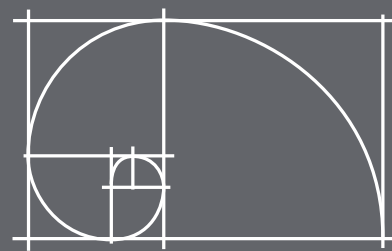

- Supports skin health
- Could decrease skin dryness and roughness
- Can help improve skin color tone and texture
- May increase the suppleness of the skin

### Pearl Tomato<sup>™</sup> contains:

- Colorless carotenoids: 5%, 10%, 30%

Vesta limits our communications and marketing language to describe products that do not contain the phytoene and phytofluene carotenoids as set forth in the patent claims of the patent holder.

## Why Use Pearl Tomato™?

Pearl Tomato™ carotenoids prevent the pigmentation process in human bodies, while still brightening and lightening skin tone. White tomatoes are known to reduce the melanin (the primary determinant of skin color) in dark spots and freckles. Pearl Tomato™ carotenoids have the ability to absorb UV and Infrared wavelengths, which makes it an excellent protector against destructive sun rays. It can also be determined that Pearl Tomato™ protects against free-radical damage, thus making it an antioxidant.

## Uses

- Dietary Supplement
- Capsules
- Creams/Lotions
- Sunscreen
- Soap
- Serums

## Product information

Percent of colorless carotenoids

- Standardized 5%
- Standardized 10%
- Custom concentration formulation available

Daily recommended amount

- 100mg - 300mg

## Packaging

- Store in a cool dry place
- Minimum Pack Size: 1-25kg

## Efficacies

- Supports skin health
- Helps to lighten skin tone
- Revives and rejuvenates complexion
- Maintains youthful appearance

## Quality & Trust
