WHY GLOBAL JET CAPITAL?

Experience: We began as the legacy corporate aircraft funding business of GE Capital and have served the business aviation community for decades, having completed thousands of successful transactions.

Commitment: GJC is capitalized by the world’s leading private equity firms: The Carlyle Group, FS/KKR Advisor, LLC (a KKR partnership with FS Investments), and AE Industrial Partners. In addition, we maintain a substantial bank operating-line and have issued over $3.6B in highly rated ABS funding issuances. We are leaders in business aircraft financing solutions with the experience and committed capital to grow our business for the long term.

Expertise: When coupled with our commitment to understanding your needs, our long-standing business aircraft financing experience and knowledge allows us to deliver customized solutions that simplify your aircraft ownership experience.

Simplicity: We take pride in providing you with a straight-forward, flexible, highly-responsive, and solution-oriented experience.

In today’s challenging environment, flexibility and putting your capital to work is more important than ever. Global Jet Capital can help you unlock the equity in your aircraft—and still keep you flying.

Instead of tying up millions of dollars owning an aircraft, you can free up capital by selling Global Jet Capital your aircraft and leasing it back. Global Jet Capital then becomes the lessor and you become the lessee – with the added potential benefit of positive balance sheet treatment. Best of all, you keep the access to your own aircraft.

Here are just some of the reasons why corporations and HNWIs around the globe are choosing to finance their business aircraft through Global Jet Capital...
