Electronic Signature of Orders

Unsigned orders are orders entered by nursing from phone, verbal or written physician orders. The list will include all Residents for whom you are the Attending or Alternate physician. The function is found under the Facility Tab/Unsigned Orders.

1. Click on the check box next to the order(s) that you wish to sign and click on the Sign button. Note that there could be multiple residents on one page. The orders will disappear from the list. There is also an option for marking all the orders viewed on the screen, rather than checking the individual boxes. Click on Mark All Signed.
