The **first interprofessional certification** for disaster healthcare professionals

When time is of the essence, we need a fast, reliable way to identify healthcare professionals and emergency staff involved in all phases of the disaster cycle: mitigation, preparedness, response, and recovery.

With ANCC's **National Healthcare Disaster Certification**, you'll receive a NHDP-BC credential. Assure employers, practitioners, and the public that you are up to date and ready to respond to a wide range of scenarios in a team-based environment.

Top 5 reasons to get ANCC's National Healthcare Disaster Certification

- 1 Display mastery of the knowledge and skills related to each phase of the disaster cycle
- 2 Gain a valid and reliable assessment of your disaster competencies
- 3 Stand out to employers and colleagues
- 4 Promote continuing professional development and lifelong learning
- 5 Stay up to date and ready to respond with recertification every five years

You may be eligible if you are in one of these professions (visit website to learn more):

- ▶ Registered nurse
- ▶ Physician
- ▶ Advanced Practice Registered Nurse
- ▶ Physician assistant
- ▶ Pharmacist
- ▶ Paramedic or EMT
- ▶ Respiratory therapist
- ▶ Behavioral health professional
- ▶ Emergency management professional
- ▶ Public health professional

Get certified!
