

Installation of the Razor 6 Administration Tool

NOTE: If this product is already installed, please use 'Add or remove programs' to remove before installing a new version.

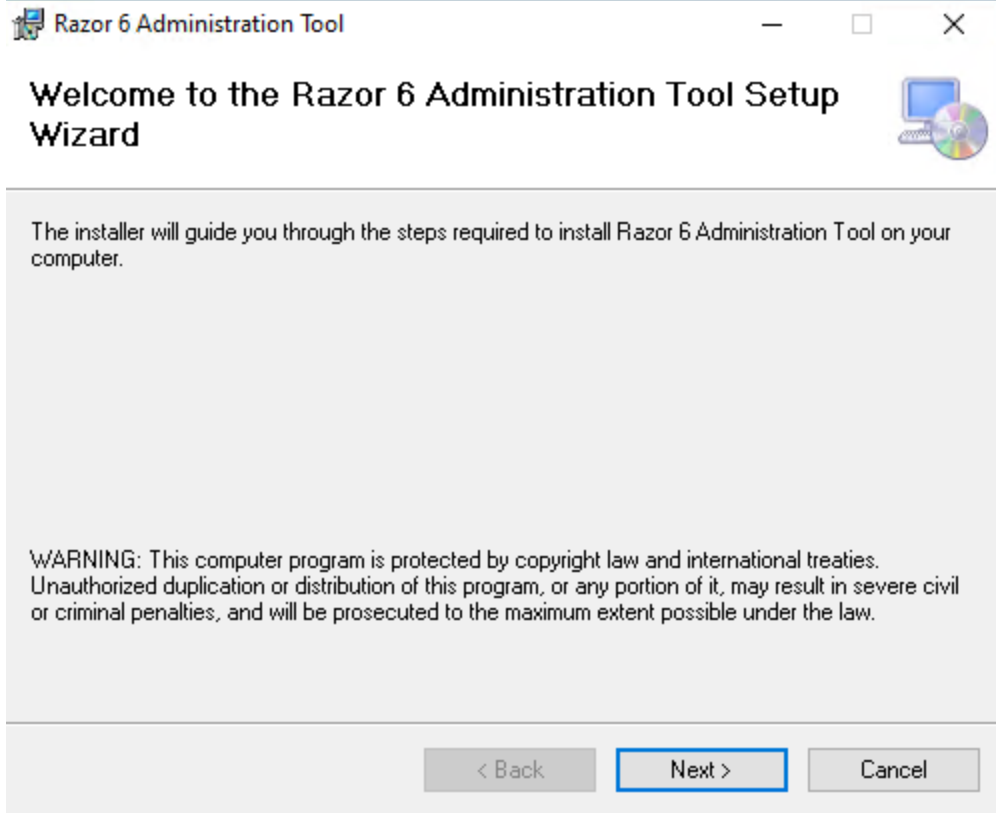

Unzip the Razor6AdminTool_v0.1BETA_<date>.zip file into an empty folder

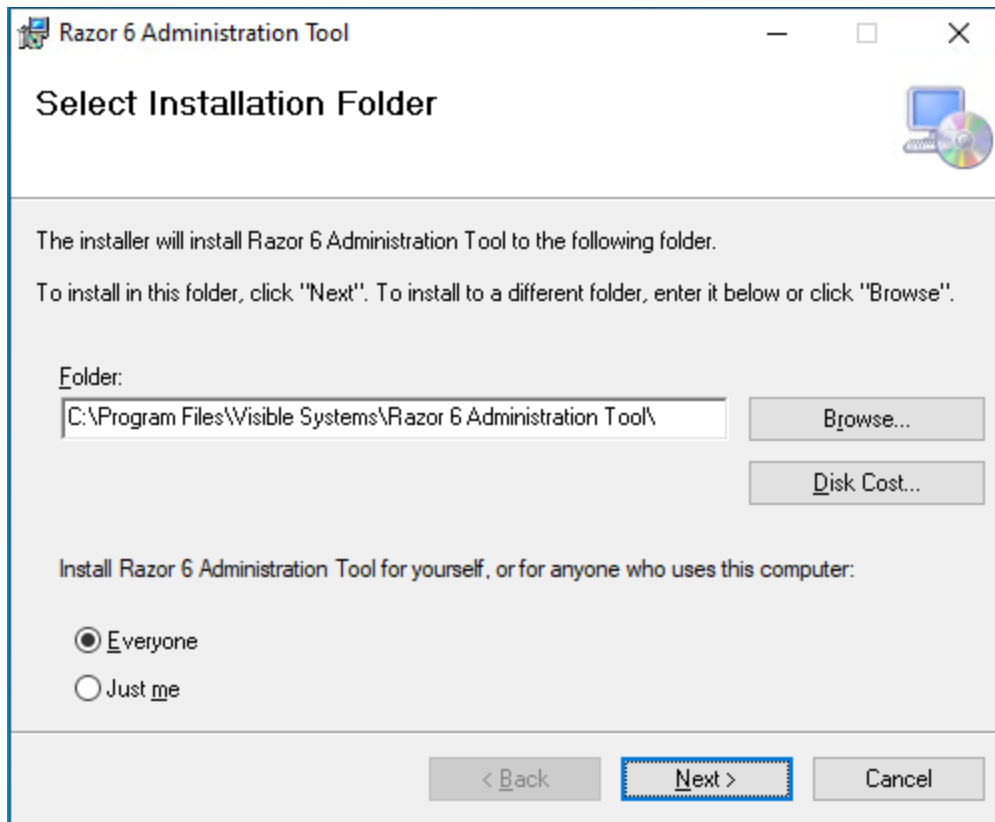

Select and run the setup.exe file as Administrator

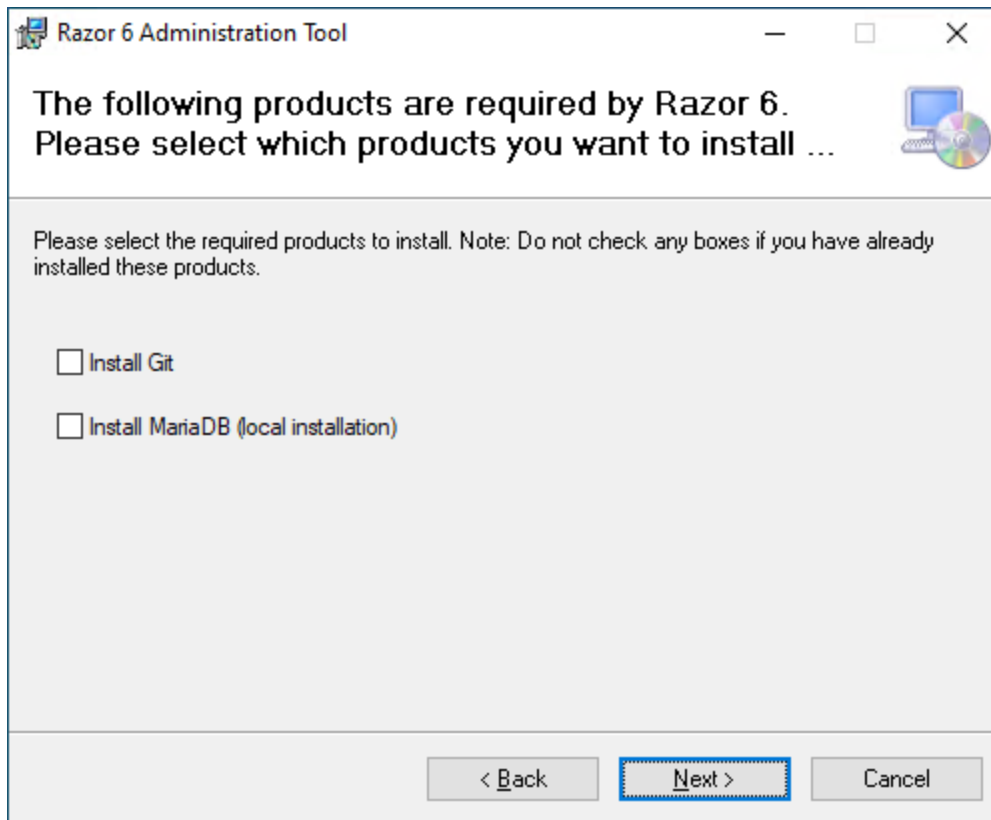

Click Yes

Click Next

Click Next

Click Next

NOTE: This assumes that Git and MariaDB are already installed

Razor 6 Administration Tool

Razor6 Database Configuration

Enter the location of the Razor6 Database (or 127.0.0.1 if local) and the connect port number

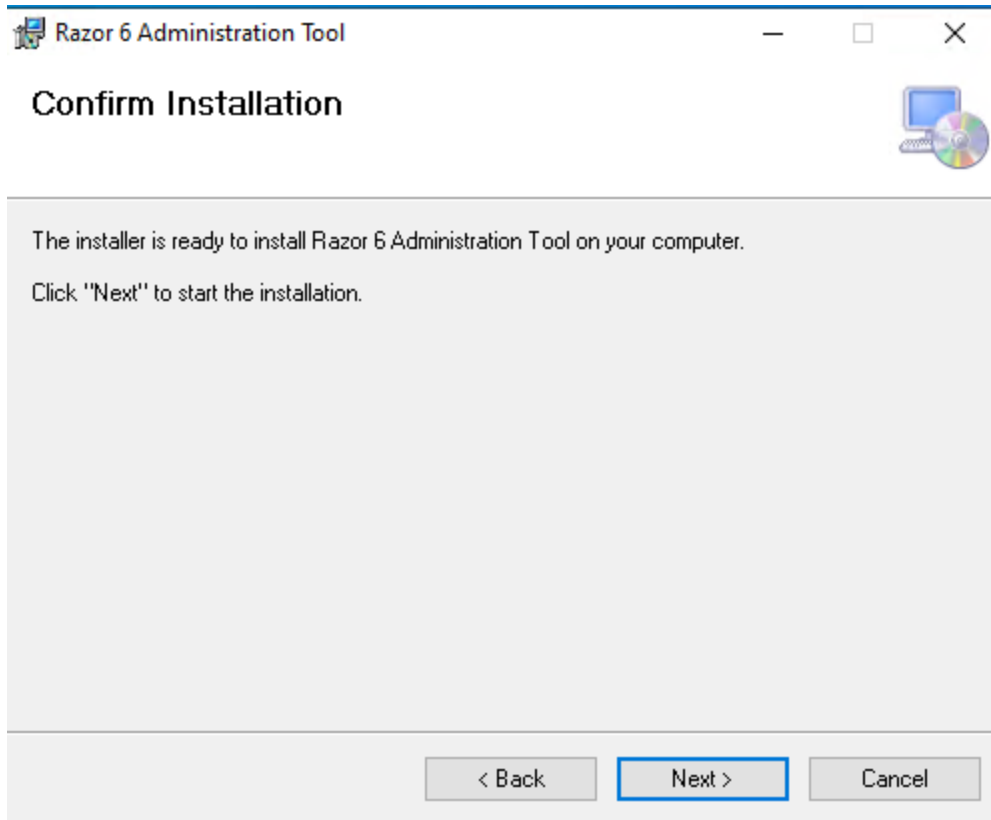

Database Server:

Database Connect Port Number:

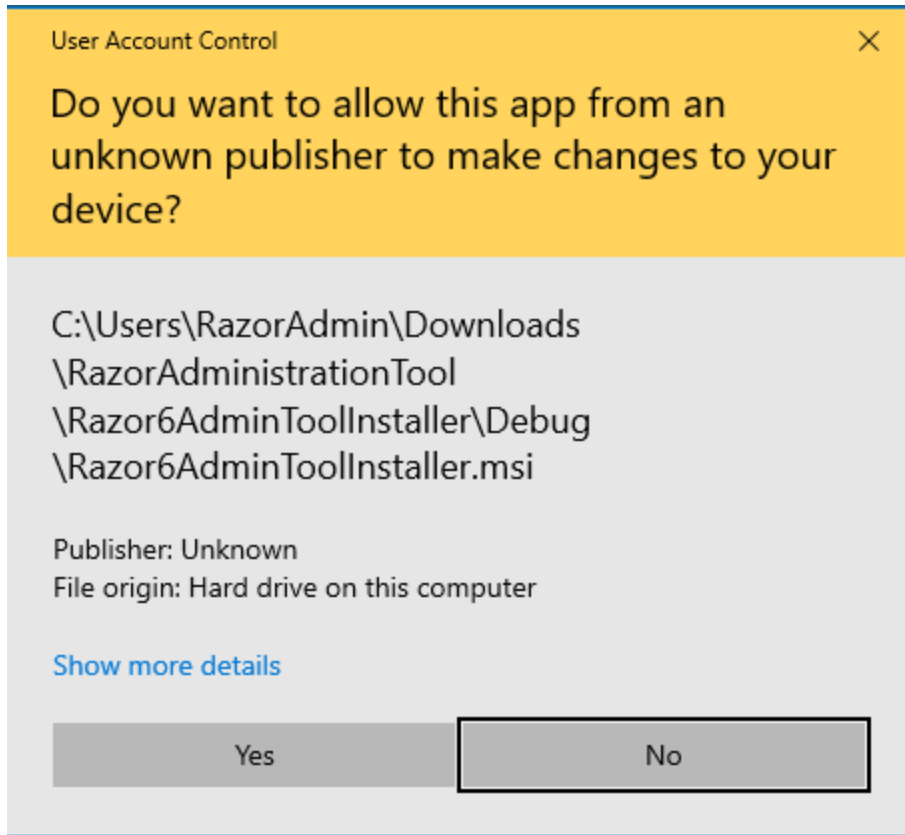

< Back **Next >** Cancel

Click Next

NOTE: This assumes a local install of MariaDB and default port number.

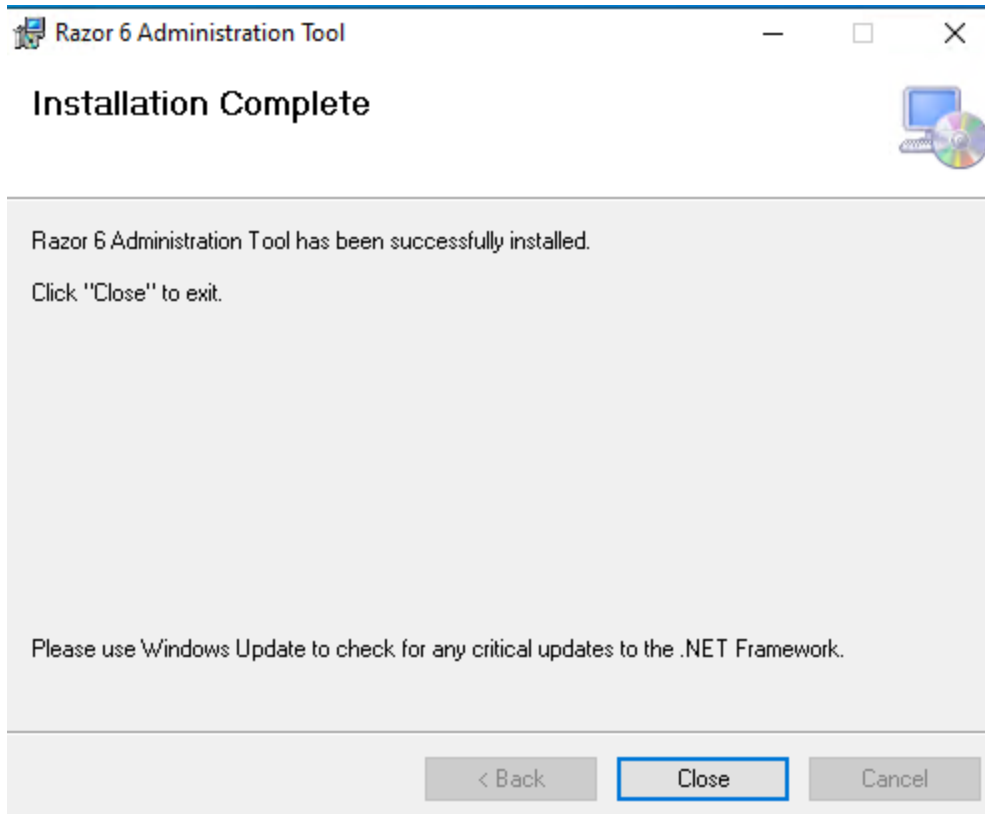

Click Next

Click Yes

NOTE: This window will only appear if setup.exe is not run as Administrator

Click Close

NOTE: An icon for the Razor Administration Tool is automatically created on the desktop.

The first time you start the Razor Administration Tool you will...

- a) see a message describing the 'trial' license
- b) need to provide the root password for MariaDB
- c) need to create the 'admin' for Razor Administration
(i.e. we recommend 'razoradmin' as the username)

NOTE: For security reasons, only the 'admin' user is allowed to run the Razor Administration Tool

NOTE: To change the 'admin' password, login to the database using the command line and type...

```
CMD> mysql -u root -p
MariaDB [(none)]> use rz_logindata;
MariaDB [rz_logindata]> update userinfo set Passwd='aedff6de91c6a77cfe73d4367beab243' where
UserID='razoradmin';
MariaDB [rz_logindata]> quit
```

NOTE: The password is now set to 'Visible@2021'

Licensing Information

Greetings,

This new installation includes a 30 day trial license for 15 users. At the end of the 30 day trial period the server will be deactivated. If necessary, you can extend the trial period by selecting the 'Extend Trial' button on the main Razor Admin Tool window. If you have purchased licenses, then select the 'Request License' button on the main Admin form.

Thank you for your interest in Razor!
