### QUOTATION #Q4-2020

This number must appear on purchase order to receive special prices.

Valid from October 1 to December 31, 2020

# Weidmüller

## TERMSERIES Relay with PUSH-IN connection Special Price from \$10.00

TERMSERIES relay module, complete modules consisting of a relay and a base with AC/DC coils, available in different versions:

- 1 and 2 COs
- AgNi contact optionally with gold plated contacts
- Unique multi-voltage input from 24 V to 230 V AC/DC
- Illuminated ejection lever as status LED

Catalog #	Description	Regular Price	Special Price
2618000000	TRP 24VDC 1CO 6A	\$13.10 ea.	\$10.00 ea.
2618150000	TRP 120VAC RC 1CO 6A	\$25.20 ea.	\$19.00 ea.
2618100000	TRP 24VDC 1CO 16A	\$18.60 ea.	\$14.00 ea.
2618270000	TRP 120VAC RC 1CO 16A	\$28.20 ea.	\$21.00 ea.
2618400000	TRP 24VDC 2CO 8A	\$17.70 ea.	\$13.00 ea.
2618470000	TRP 120VAC RC 2CO 8A	\$25.90 ea.	\$19.00 ea.

## WIL Standard LED Light Special Price from \$68.00

WIL STANDARD is a new IP67 LED light by Weidmüller

- The LED light incorporates three rows of LEDs (3 x 14 LEDs)
- Arranged in a trapezium shape at 20-degree angles; allowing for an ultra-wide beam angle and a broad illuminated area
- Flush direct mount or magnet mount at just 8mm high
- cULus Listed
- Also available with a magnetic strip

Catalog #	Description	Regular Price	Special Price
2527960000	WIL-STANDARD-cable end open	\$179.37 ea.	\$68.00 ea.
2436210000	WIL-STANDARD (with M12 connector)	\$194.05 ea.	\$84.00 ea.

# Q-Specials

## SPD II - AC Surge Protector

**Special Price from \$39.80**

The SPD II range of surge protectors are used for transient surge protection of single and multi-phase power circuits at the main electrical panel, downstream of the main circuit breaker, or in control panels. They provide common-mode protection (between each Line and Ground), with impulse discharge capacity (I<sub>max</sub>) of 40kA. Typical applications include low voltage distribution or protection of industrial control systems.

- UL1449 Approval
- Local status indicator on arrester
- Quick replacement with pluggable arrester
- Integrated contact for remote status indication

Catalog #	Description	Regular Price	Special Price
6720005410	SPD II 120V/40kA for Line or Neutral	\$53.04 ea.	\$39.80 ea.
6720005411	SPD II 230V/40kA for Line or Neutral	\$53.04 ea.	\$39.80 ea.
6720005413	SPD II 480V/40kA for Line or Neutral	\$53.04 ea.	\$39.80 ea.
6720005415	SPD II 120V/G/40kA for Line and Neutral	\$79.62 ea.	\$59.70 ea.

## UPS and Battery Combo Packages

**Special Price from \$265.55**

Using uninterruptible power supply (UPS) units in conjunction with the suitable battery modules allow you to bridge long power failures reliably.

The bundles can supply up to 20A for 30 minutes or 1A for 30 hours, depending on requirements. The modular design allows the complete load to be split into non-safe and safe load circuits, often enabling a smaller UPS to be designed.

- Different status relays for status monitoring
- Long battery service life thanks to integral deep discharge protection and temperature-compensated battery charging
- UPS units and Battery modules also available individually

Catalog #	Description	Regular Price	Special Price
703770	Combo 1: 24V DC supply 5A upto 20 min	\$636.00 ea.	\$265.55 ea.
703771	Combo 2: 24V DC supply 10A upto 20 min	\$654.00 ea.	\$341.00 ea.
703772	Combo 3: 24V DC supply 10A upto 40 min	\$796.00 ea.	\$415.00 ea.
703773	Combo 4: 24V DC supply 20A upto 30 min	\$902.00 ea.	\$473.00 ea.

## Sensor Actuator Interface Connectors

**Special Price from \$3.50**

Standard A coded M12/M8 male and female connectors which can be terminated by the user via screw clamp terminals.

- Straight (SAIS) and angled (SAISW) versions
- 4 and 5 poles per port - one or two signals per port
- Smaller PG7 and larger PG9 wire entry glands for 4 to 6mm cable diameter or 6 to 8mm respectively

Catalog #	Description	Regular Price	Special Price
9457550000	4-pole SAIS-4/7 MALE STRAIGHT PG7	\$11.12 ea.	\$3.50 ea.
9457240000	4-pole SAIS-4/7 FEMALE STRAIGHT PG7	\$12.66 ea.	\$4.85 ea.
9457290000	4-pole SAIS-4/7 MALE ANGLED PG7	\$11.12 ea.	\$3.55 ea.
9456940000	5-pole SAIS-5/7 MALE STRAIGHT PG7	\$11.22 ea.	\$4.60 ea.
9457250000	5-pole SAIS-5/7 FEMALE STRAIGHT PG7	\$14.00 ea.	\$5.45 ea.

## Tool-less RJ45 Industrial Ethernet Connector

**Special Price of \$18.50**

RJ45 plug-in connector (tool-less) according to IEC 60603-7-51 for wire outer diameters up to 1.6 mm

- Reliable and long-lasting for industrial applications thanks to use of die-cast zinc
- Cat. 6<sub>A</sub> 10Gbit/s System Class E<sub>A</sub>
- Suitable for 22-24 AWG solid wires
- Operating temperature of -40°C to 70°C
- cULus Listed (E316369)

Catalog #	Description	Regular Price	Special Price
1963600000	IE-PS-RJ45-FH-BK	\$30.18 ea.	\$18.50 ea.

**CONDITIONS:** Prices valid from October 1<sup>st</sup> to December 31<sup>st</sup>, 2020. Orders must be received by Weidmuller by this date. Orders must be sent to an authorized Weidmuller distributor. Orders must reference quotation number Q4-2020. Please note that all prices (Regular Price and Special Price) are suggested prices only.

# u-mation. More than Automation. Future-proof Industrial IoT Solutions. Let's Connect.

## Develop your own out-of-the-box applications with our Starter Kits

Increasing digitalisation and automation calls for powerful and flexible control solutions that meet an extremely wide range of requirements. As a result, there is an increasing demand for the development and testing of custom applications.

Our starter kits can not only be used as a development and evaluation tool in a wide range of areas but also as a training aid.

### Starter kit with u-create web and Node-RED

Modern control systems need to be able to send machine data directly to the cloud. In combination with the Node-RED module, u-create web provides the option of pre-processing sensor information from u-remote I/O modules and forwarding it to the cloud via MQTT or AMQP. u-create web and Node-RED are pre-installed in our Automation Controller, meaning that data can be sent directly to the cloud via Node-RED. Node-RED is easy to configure via the u-control 2000 web server, and is compatible with our u-remote I/O modules. The software is directly installed on the hardware and does not need to be installed onto a computer. The web-based software environment of u-create web can be used across all devices and platforms, and with all common browsers that support HTML5, CSS and JavaScript. You can choose from the cloud providers Microsoft Azure, IBM Cloud and Amazon AWS. A high level of security is guaranteed thanks to the Secure-by-Design concept.

#### Your advantages at a glance:

- Powerful integrated u-control 2000 control module
- Web-based and licence-free engineering software
- Platform and device-independent PLC and visualisation programming via a web browser
- Programming standard in accordance with IEC 61131-3
- Integrated software modules such as Node-RED, OPC-UA and u-link
- Maximum security through a secure-by-design concept

# New conductor and cable marker variants

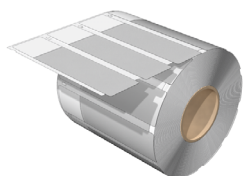

## MultiMark THM WO-QX for Quick release

THM WriteOn cable markers on reels are used for labelling conductors and cables with an outside diameter of up to 36 mm. The transparent adhesive strip fixes and protects the printing on the marker surface.

### Your special advantages:

- The labels are specially designed to allow a clean and fast release of the label, reducing the processing time and increasing the accuracy and cleanness
- The WO-QX are pre-perforated. This enables to use one label for different diameters, reducing printer set-up and minimizing stock variants
- Wrap around labels have a protection foil, so they are very durable even in harsh environments
- Slim design makes them to perfect wire marker when space is limited

Catalog # 2711950000

## Get your FREE Detectable Marker sample

### For food safety at the highest level, detectable MultiCards support the HACCP industry concept

The food and beverage industry places the highest demands on quality, hygiene and safety. With our detectable marking solutions, we support our customers in ensuring that the high standards required within the HACCP concept are met. Thanks to a metallic filling material, our detectable MultiCards are identifiable by metal and X-ray detectors.

### Advantages of Using Detectable Marking Tags:

Free sample catalog # 703754

- Detectable by metal and X-ray detectors
- Visually recognisable by blue colour
- Corrosion resistant metallic filler
- Variable application for busbars from 3 to 10 mm
- Clear and resistant print image
- Available in different versions for a wide variety of marking requirements

### Laboratory-tested Quality

To ensure the high product quality of our markers, we subject the products to the strictest control and testing procedures in our accredited laboratory

### Highly Resistant Labelling

The thermal fixation of our PrintJet ADVANCED printing system permits extremely robust and durable labelling of the markers, even in industrial environments.
