Valid from January 1 to March 31, 2021

Weidmüller

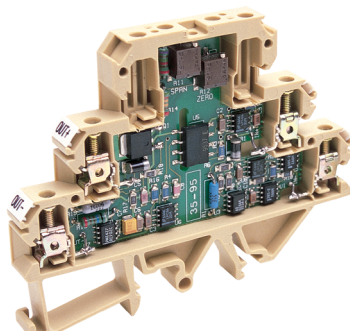

ConnectPower DC/DC converters

Special Price from \$232.00

The DC/DC converter provides systems with optimal failure protection for maximum availability.

- Compensation of voltage fluctuations
- Regeneration of the output voltage for a stable voltage at the end of long cables
- Establishment of floating supply systems through galvanic isolation
- Optional bracket for wall mounting: 7920560000 (sold separately)

Catalog #	Description	Regular Price	Special Price
9919371224	CP DCDC 50W 12VDC IN/24VDC, 2A OUT	\$340.40 ea.	\$232.00 ea.
9919372412	CP DCDC 50W 24VDC IN/12VDC, 3A OUT	\$451.60 ea.	\$335.00 ea.

picoPak™ I/I Loop Isolator

Special Price of \$135.00

picoPak™ I to I 4-20mA Loop Isolator is an optical current loop isolator in an 8mm wide terminal block! it provides a fast response time and isolation upto 2000V. Perfect for eliminating ground loops and providing increased protection for PLC and DCS analogue inputs.

- CSA Class 1 Div 2 approved and CE marked
- Mounts on 32 and 35 mm DIN rail
- 2 wire input and output

Catalog #	Description	Regular Price	Special Price
9908800000	PICOPAK I/I	\$206.00 ea.	\$135.00 ea.

Q-Specials

FrontCom Micro IP65 Panel Interfaces

Special Price from \$19.00

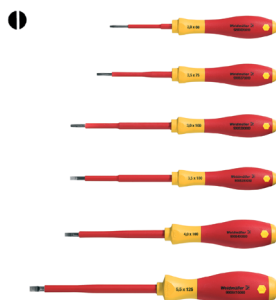

Rated IP65 when closed, Weidmuller's FrontCom Micro is your best choice when you need a connection at the control panel, electrical cabinet or distribution board. All housings are made from robust black PA material; UL 94V-0 rated. All rated 750 plugging cycles according to IEC 60603-7.

- 1018840000: USB-A to USB-A Coupler
- 1222550000: USB-A to USB-B Coupler (printer style)
- 1427960000: USB 3.0-A to USB 3.0-A Coupler
- 1018790000: RJ45 Coupler rated Cat. 6A

Catalog #	Description	Regular Price	Special Price
1018840000	IE-FCM-USB-A	\$25.75 ea.	\$19.00 ea.
1222550000	IE-FCM-USB-AB	\$31.62 ea.	\$19.00 ea.
1427960000	IE-FCM-USB-3.0-A	\$31.42 ea.	\$25.00 ea.
1018790000	IE-FCM-RJ45-C	\$29.05 ea.	\$25.00 ea.

Insulated Screwdriver Sets

Special Price from \$36.00

VDE insulated screwdriver sets, for working on live parts up to 1000 V AC and 1500 V DC. Blade made from fully hardened, high-alloy chromium-vanadium-molybdenum steel, gun-metal finish.

- 9009730000* with 4 flat blades and 2 Philips
- 9205550000* with 6 flat blades (2.0, 2.5, 3.0, 3.5, 4.0 and 5.5mm)

*available while stocks last

Catalog #	Description	Regular Price	Special Price
9009730000	SDIS 2.5-5.5/PH1/2 6pcs	\$83.06 ea.	\$42.00 ea.
9205550000	SDIS 2.0-5.5	\$53.24 ea.	\$36.00 ea.

Red Line Series Cutter-Stripper

Special Price of \$12.00

Our cutting tools for one-hand operation are specifically produced and tested to work with live voltages. The pliers are ergonomically designed to fit to the hand form, and thus feature an improved hand position. The fingers are not pressed together - this results in less fatigue during operation. Weidmuller offers a complete line of pliers which comply with national and international testing standards.

Catalog #	Description	Regular Price	Special Price
1338810000	Cutter Stripper Tool, 22 to 10 AWG	\$17.12 ea.	\$12.00 ea.

Weidmuller Toolbag

Special Price of \$22.00

Workshops and factories prefer well-organised sets of tools. This results in minimal searching and preparation, saving time and money. A convenient and durable polyester tool pouch from Weidmuller ensures this requirement is met. Numerous holders and pockets facilitate orderly storage of wire preparation tools and screwdrivers.

- 6 elastic holders in the front, a long holder on one side and a tape holder on the other.
- 3 compartments, with a zipper locked pocket provided in the main compartment.
- Adjustable, clamp closure shoulder strap is also available optionally (W: 50 mm; L: 128 mm)
- Material: polyester
- Dimensions: W:300 mm; L:60 mm; D:270 mm
- Gross weight: 266 gms

Catalog #	Description	Regular Price	Special Price
9204600000	WZTE 20 LR TOOL POUCH (EMPTY)	\$34.57 ea.	\$22.00 ea.
9204610000	WZTE 20 LR TOOL POUCH SHOULDER BELT	\$12.15 ea.	\$7.50 ea.

CONDITIONS: Prices valid from January 1st to March 31st, 2021. Orders must be received by Weidmuller by this date. Orders must be sent to an authorized Weidmuller distributor. Orders must reference quotation number Q1-2021. Please note that all prices (Regular Price and Special Price) are suggested prices in CAD valid for Canada only. Image is for illustrative purposes only, please refer to product description. We reserve the right to make technical changes.

Machines as a Service (MaaS).

CRIMPING MACHINE RENTAL PROGRAM

Let's Connect.

Weidmüller Ltd. Canada is offering select automated machines at affordable monthly rates. Month-to-Month*, 1- year or 2- year rental contract** plans are available.

CRIMPFIX R VARIO

Electrically / pneumatically driven automatic stripper and crimper for linked ferrules on a roll.

- Wire cross section range 0.5 - 2.5 mm²
- One-touch display to change different cross sections; simultaneous installation of all five cross sections.
- Five-slot magazine for mounting all cross-sections.
- Separate stripping mode (machine only strips)
- Tool-free change of crimp length settings.

Reliable control of timing functions for industrial applications

TFI Series

Timing relays are used in automation technology to high offset errors from cycle rates. Short pulses are extended and reliably detected by downstream control components. TFI Series compact timing relays cover the most critical applications in building and factory automation.

Your advantages at a glance:

- Rotary switches for configuration of timing functions.
- Economical addition to our timing relay portfolio.
- Functions: star-delta switch, clock generator, multifunction, on-delay, and off-delay.

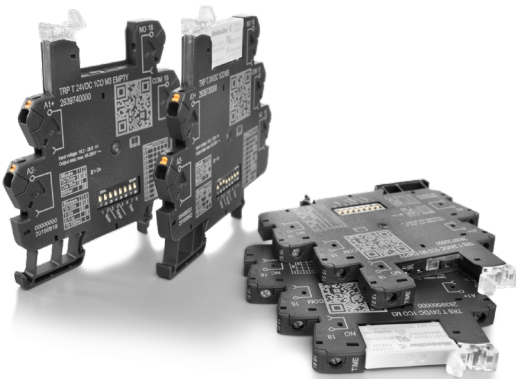

Ordering data

Type	Rated control voltage	Contact type	Timing functions	Order No.
TFIS 12-240VUC 1CO CG	12-240 V UC	1 CO	Clock gen	2697260000

TFIS 24-240VUC 1CO OFFC	24-240 V UC	1 CO	Off Delay	2697290000
TFIS 24-240VUC 1CO ON	24-240 V UC	1 CO	On Delay	2697280000
TFIS 12-240VUC 2NO SD	12-240 V UC	2 NO	Star Delta	2697270000

TERMSERIES TIMER TRP T

Slim timing relays with additional functions guarantee high flexibility and enable easy integration into existing systems.

Your advantages at a glance:

- Timing function and time ranges are set easily via the DIP switches on the side.
- Integrated Duo-LED on the ejection lever, clearly displays power supply and switching status.
- Functions: On delay, one-shot, blinker.
