

Welcome your customers and teams back to a clean, safe and friendly environment

Undoubtedly hygiene will be in the foreground in 2020 and 2021 until there is a comfort level on cleanliness and delivering healthy experiences/stays / trips. Cleaning teams are not just the unsung heroes of the current lockdown, they're going to take center stage on the cleanliness theatre.

Our NHS-experienced Health Hosts and Hygiene Stewards will help you maintain a safe and clean venue, giving you and your clients peace of

mind. Cleaning professionals are certain to be like gold dust as lockdown is lifted and it is for this reason that we are taking the proactive approach in equipping our teams with the latest C-19 specific health and safety training, PPE and no touch digital thermometers.

It is no longer acceptable to simply meet hygiene and safety standards, in order to instill confidence, you'll need to show your guests, you are going above and beyond expectations.

Rate

£17.97 per hour
(minimum 4 hours)
