

Easily allows businesses to pay for the services provided to them by an officer, agency, or coordinator. RKPay collects funds directly from the business and distributes those funds to all parties involved.

RKPay

RKPay Makes Getting Paid Easy

Simply add your coordinator fees into the platform, and they will be invoiced to the business when the job is finished. In just a few minutes you can sign up in the RollKall online portal so you can:

- ✓ Easily add coordinator fees
- ✓ Streamline 1099 tax reporting
- ✓ Access payment and invoices reporting
- ✓ Ability to require businesses to pre-pay before officers are scheduled
- ✓ Pre-pay provides insight into payment status and prevents non-payments

Gives Officers:

- ✓ Ability to use InstantPay
- ✓ Access to Personal Injury Insurance (terms apply)
- ✓ Pre-pay allows officers to receive direct deposit payments within 4 days of job completion

How Does it Work?

Businesses sign up to pay with a credit card or ACH transfer. From there, they can see individual invoices and make payments to all stakeholders. This includes paying the officer, paying coordinator fees you can set, paying the law enforcement agency for any related fees.

How Does it Help Me?

As a coordinator, it's easy to add in your fee to the invoices and get paid via the RKPay platform, too. RollKall takes care of the administrative tasks. Plus, the online client portal gives you insights into payments, individual invoices, pending payments, and payments made. It simplifies handling tax-related paperwork, too. With RKPay, RollKall provides 1099s to officers and coordinators you work with at the end of the year.
