

Call for Papers

The Toronto Section of the Society of Motion Picture and Television Engineers is once again proud to be holding its widely popular biennial Toronto Technical Conference (TTC) on June 15-17, 2021. The theme for this year's virtual conference will be '**Media Fast Forward**'. With the rapid and wide-ranging changes taking place in our media industries, this year's conference focuses simply on the changing workflows in Media; from how we work it, to how it is consumed and experienced.

We would like to invite you to be a presenter at our event and deliver a presentation on a topic you feel is relevant to our theme of Media Fast Forward. Feel free to offer a subject from the leading edge of your knowledge and experience. Our Organizing Committee has come up with a few topical suggestions and examples:

- The changing "Digital Landscape" – Streaming Technologies, Esports, VR / AR
- UHD and HDR - Bigger, Better, Faster Pixels
- Standards for UHD and IP
- Cybersecurity, Networking Technology
- The Cloud – Remote Production, Microservices, Virtualization
- Artificial Intelligence (AI) & Machine Learning (ML)
- Automated Workflows
- Evolution of Television and Cinema Workflows

You are invited to submit one or more abstracts outlining the topic to be covered and a presentation title that would illustrate the proposed breadth and depth of the content. The presentation delivery time should be 20 minutes in length including an opportunity for attendee Q&A. Submission of an abstract implies the presenter's ability to attend and deliver the presentation, all presentations will be delivered remotely via a video conferencing platform. We would also like to encourage presenters and non-presenters to host a round table, if this is of interest to you, please let us know by April 2nd, 2021.

Abstracts should be limited to 250 words and should include presenter's name, title, company, mailing address, telephone, and e-mail address. Abstracts are due on or before April 15th, 2021. Notification of acceptance will be provided by April 29th. Finalized presentations must be submitted for review by Wednesday, May 25th, 2021.

Please send submissions by email to: smptepapers@gmail.com

Presenters are welcome to attend the full Conference in thanks for their contribution.

Sponsorship opportunities are also available.
