

How to Add Funds to your Camper's SAM's Place Account

This summer we get the pleasure to introduce a new system for adding funds to your campers' Camp Store SAM's Place account!

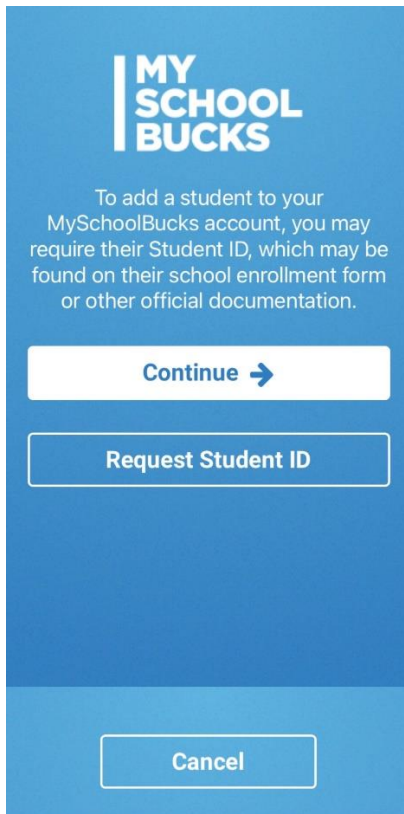

This system allows you to add funds to your camper's store account anytime, anywhere, and gives you the ability to see the items your camper is purchasing in real-time. This system is typically used by School Districts to track student lunches, so please note that the language within the app is geared toward schools even though *we will solely be using the app for camper store accounts.*

To create your Camp Store SAM's Place account, please download the "MySchoolBucks" Mobile Application for Apple or Android and follow the instructions below. For any questions, please give our office a call at 425.746.9110.

Step 6: Once finished adding campers to your account, you will be directed to your Homepage in the App. All added campers should all be listed there.

Step 7: Click on the Camper of your choice and this will allow you to view their purchase history as well as add funds to their account. (Note: for the purposes of SAMBICA, the term "Meals" refers to your camper’s store account balance.)

Step 8: If you'd like to receive a low-balance notification when your campers' account falls below a certain amount, you can click on that specific camper, and use the gear in the upper right corner. Make sure that 'Have this app notify me' is ON. The app will automatically default to a low balance alert of \$10.00 unless changed or adjusted.
