

EVERGREEN WALLS LOOKBOOK

Coastal Range

About Evergreen Walls

As Australia's number one greenery expert Evergreen Walls manufacture and supply artificial green wall panels and systems used for external facades, internal walls and even ceilings.

At Evergreen Walls, we've worked hard to create a solution that allows you to readily add beautiful greenery to any space. Our artificial wall gardens are a great way to provide some additional life to any wall – be it a home or commercial space, both internal and external.

Evergreen Walls also takes safety very seriously. As well as warranties on all of our products, we have sought to attain a formal fire certification so that architects, builders and specifiers can be confident that the decorative products they select are compliant and safe to use. Our flagship product has been tested in accordance with AS ISO 9705 - 2003 and AS 5637.1:2015.

Our artificial green wall panels allow consumers, designers and building professionals to install greenery in a wide range of locations that don't necessarily lend themselves to natural plant growth or maintenance.

With clients all over the world, our innovative green walls systems are available locally and internationally through a significant distribution footprint. Evergreen Walls is an agile and professional business that works to add value by solving defined client needs and project requirements.

PROJECT: Residential, Colorbond Fence Transformation

Modular Greenery, Made Easy

DESIGN VERSATILITY

From classic vertical gardens to a more contemporary eye-catching look, it's ultimately up to you how you use our green wall systems. Our pre-fabricated, modular range of green wall options can be used on so many wall spaces, you're only limited by your own imagination. Choose a look and run with it.

EASY SPECIFICATION

Pre-fabrication makes the entire building process fast and simple compared to traditional construction methods. Our products come pre-made so require less installation time. The modular panels are easy to build and fit together requiring fewer nails, screws and other add-ons. For certain systems Evergreen Walls also provide our very own proprietary fixings.

DURABILITY

Evergreen Walls makes durable green wall panels that are easy to use in any commercial design and built to last. Whatever look you choose, you know you're getting the strength and durability your clients deserve that will last for many years to come.

PEACE OF MIND

Evergreen Walls modular green wall products are developed and manufactured to suit Australian or International Standards. There is a perfect green wall system for every project and with warranties and fire certificates you know can rest easy knowing you've made the right choice.

The Benefits

COST

Our realistic product not only never dies but will cost less than HALF the cost of a real set up. Don't forget no on going costs either.

NO UV LIGHT

There is no need to replace or add UV lighting like you do on real walls, our artificial garden walls will last forever.

NO IRRIGATION

Avoid huge irrigation set ups or daily hassles of watering your plants. Once your walls is installed there is nothing left to do.

MAINTENANCE FREE

With artificial green walls the only maintenance you need to do is clean your plants with a damp cloth, or let the rain clean it for you. Simple.

NO DEAD SPOTS

Plants aren't designed to live indoors and dead spots occur and these issues happen frequently. Not with Evergreen.

PERSONALIZE IT

Our panels are easily upgraded, meaning you can add extra flowers or plants to make your wall unique to you.

INDOOR & OUTDOOR

We have panels for indoor and outdoor areas. You can put our product almost anywhere you like.

INSTANTLY GREEN

With the real walls, it usually takes weeks for the plants to grow full size, ours come with instant, and permanent results.

REALISTIC

We only use high quality artificial plants, this ensures a realistic look which will be hard to notice by your admirers.

Sector Solutions

Due to the nature and benefits of our products, we work across a number of key construction sectors and deliver unique value to each one.

Evergreen Coastal

SEASIDE CHARM

Create an instant nautical ambience with this striking seaside vertical garden. Install is a breeze so you can enjoy this thriving beachy green wall at home or at work. This popular style boasts impressive ocean foliage and tropical-looking textures.

BENEFITS & SPECIFICATIONS

UV & fire stabilised
for indoor and
outdoor usage

Each style comes with a
separate set of curated plants
for personal positioning

Snap & lock
backing panel
grid system

Plastic backing panel
easily curves and
coves uneven surfaces

Panels can be cut easily
with garden snippers to
sit in any area

EASILY CUT

Cut your panels to any shape or size with garden snippers or a sharp blade. We advise you measure your area a few times before cutting to ensure a seamless finish.

SNAP & LOCK SYSTEM

Each panel interconnects with a snap & lock system so you can create a wall to any size. The system is so simple anyone can do it without much effort.

MAINTENANCE FREE

Once installed, there is no need for additional power for lights, irrigation systems or call out fees to maintenance. The only upkeep you need to do is clean your plants with a damp cloth, or let the rain clean it for you. Simple.

RECYCLABLE

Made from low density UV stabilised polyethylene (LDPE), a common type of material found in many objects you use everyday.

UV STABLE

Our panels are made with a UV stabilised polyethylene. There is no need to replace or add UV lighting like you do on real walls, our artificial garden walls will last forever.

WARRANTY

For peace of mind, we offer a 4-year warranty on selected products. This covers UV damage, fading or cracking.
