With the cancellation of in-person sports events and fans spending greater amounts of time spent at home in front of screens, many brands targeting pro sports audiences are shifting their focus and re-allocating budgets towards digital advertising. In the age of digital consumption, sports are also evolving to meet the requirements of their audiences: 11 million new consumers aged between 25 and 54 accessed the top five digital sports platforms between September 2019 and September 2020.  

Did you know? Brands targeting Pro Sports audiences can optimise digital ad spending and influence buyers more effectively by integrating audiences segments built with powerful consumer attitudes and behaviours into their campaigns.
