

guar·an·tee

/gerən'tē/

noun

A formal promise or assurance that certain conditions will be fulfilled.

Asset-based third party logistics providers don't typically offer customers a guarantee on their services...**until now.**

We all know there's more to a logistics partnership than merely offering the lowest rate. You also need great service! A late delivery, missing inventory or incomplete shipments cost time and delays throughout the supply chain.

At Keller Logistics Group, we think it's time to be more accountable to our customers. Our new performance guarantee is our way of providing you with the highest level of satisfaction. We offer a full-spectrum performance guarantee on all our services which include transportation, warehousing and co-packing.

So, what does the Keller Performance Guarantee look like?

100% On-Time Pick Up & Delivery

100% Order Accuracy

100% Inventory Accuracy

Give us a call to work through the details and see how our full-spectrum guarantee might work for you!
