

Keller Freight Solutions

AN AFFILIATE OF KELLER LOGISTICS GROUP

FREIGHT SOLUTIONS OVERVIEW

Keller Freight Solutions, an affiliate of Keller Logistics Group, is the complementary freight brokerage arm of Keller Trucking's assets dedicated to serving the more specialized shipping needs of our customers.

Today, more than 80% of goods and raw materials are moved by truck. Roughly a quarter of that cargo is managed by freight brokers - transportation middlemen who make the business run smoother for both shippers and carriers.

As freight brokers, we are experts in mitigating capacity issues, covering lanes that can be difficult to fill, and providing you with specialized carriers that have met our strict performance standards. Our carrier partners provide you with versatility and flexibility in lane coverage, equipment type, and on-demand availability. We help you implement "industry best" practices to get your goods to market quickly, at the most affordable price.

Freight Solutions

We have established loyal carriers that work consistently with us so we don't have to find a different carrier for your every move. One of the ways we do this is with our flexible payment terms - allowing the carrier to choose from standard or quick pay options. Above all, we do what we say we will to protect our customers and carriers. We are very aware of our strengths, lanes, and market fluctuations. Our methodology is simple: do what is right, don't overcommit, and focus on our core competencies for the day-to-day.

- Nearly 5000 partner carriers in our system with primary focus on the top 20
- Carriers provide: flatbeds, step decks, RGNs, dumps and hopper bottom type trailers
- Rapid response to special needs; usually within 24 hours or less
