PowerPoint design

A 4-hour virtual workshop with a design expert

Design first-class presentations

Think like a designer! In this workshop you will learn the tricks of the trade to design first-class presentations that will elevate your messaging and capture your audience.

Create more engaging slides for any pitch, keynote or conference presentation.

Quick overview

Join our virtual classroom with a subject matter expert. Learn PowerPoint design tools, techniques and theory that will help to transform your basic slides into a beautifully designed presentation.

The details

Prepare

You will receive an invite via Zoom and further instructions upon registering, which include details of how to set up your work environment, plus a questionnaire about your current PowerPoint skill level.

Discover

- › Shortcuts; using the Quick Access Toolbar

Speaking to camera

A 4-hour virtual workshop with an expert presenter

Engage your audience through a lens!

In this highly interactive online workshop, you will learn the skills to present across digital platforms such as webcam, online streaming services and stage cameras.

With the current landscape driving organisations to create and deliver their presentations online, learn how to utilise this shift in communication and deliver with impact across any medium.

Quick overview

Join our virtual classroom with a subject matter expert. Learn best practice techniques for presenting online and engaging an audience through a lens.

The details

Discover

- › Body language: posture, gesture, movement and mannerisms that communicate effectively across camera
- › Voice and speech control: how to use your voice to create direction in a presentation and influence your audience
- › Engage and connect with your audience whilst not being physically present with them
- › Home/room setup to create the best environment including lighting and acoustics
- › Editing and sending pre-recorded presentations
- › Camera techniques and positioning
