

# IN-ROOM ENGAGEMENT INNOVATION

Connected Living helps your community keep residents engaged & connected with family, information, entertainment and their sense of purpose, which is essential for emotional and physical wellbeing.

## Transform TV into an interactive, personalized experience.

AppleTV App | Mobile App

- View & interact with family photos + videos
- Watch YouTube Live in real-time or view recorded content anytime
- View calendars and RSVP to events
- Submit Service Requests
- Order Meals (integrate existing POS with CL)
- Join remote activities through Zoom

## Protect. Connect. Engage.

**temi** - A premium designed, video-oriented, friendly robot.

- Visits residents in their rooms
- Connects residents with friends, family, entertainment and companionship
- Interacts with residents through CL Alexa skill
- Hands-free temperature capture & sanitation kit
- Virtual doctor visits

## Support purposeful living & learning.

**CL University Programs** | Expert Lectures | Personalized Support

- Discussion Groups: ready-to-go digital programs with trivia & music
- Great Courses: video lectures presented by experts
- Remote Ambassadors: available to engage residents 1-1 or in groups
- Training Sessions: teach community associates to deliver activities remotely
- Coro therapeutic music & LifeBio
