

Senior Solutions takes pride in the continued education and training of our Caregivers. Through a robust pre-employment training path, our Caregivers are equipped from the start with the knowledge they need to be a successful Caregiver.

There are 4 training paths created to up-level our Caregivers which upon completion will increase the hourly rate for the Caregiver and provide possible advancement. If you have interest in becoming a level 5 Float Caregiver, please reach out to your Supervisor for more details.

I understand that it is my responsibility to track my training progress and submit this form to my Supervisor to review for class completion. I understand that if the classes are not fully completed, I will not receive the pay rate increase.
