

## Before your appointment

Please complete our covid-19 self declaration form and medical history. These will be sent via email.

We kindly ask that patients continue to wear a face covering where possible when attending for an appointment.

## The day of your appointment

Please arrive 10 minutes before allocated time. If you are running late, please call to let reception know although we may have to reschedule your appointment.

When you arrive, please follow the signs for patient parking.

If you arrive early, please wait in your car until shortly before your appointment time so that we can limit the number of patients in reception.

## Entering the practice

Please enter through the main entrance (automatic door) & remember to observe social distancing and hand hygiene guidance.

Please ensure you firstly sanitise your hands. Following this, check in with reception where you'll be asked to complete our COVID-19 self declaration form and a medical history form if you have not completed this via email link.

We are now able to offer beverages however magazines and newspapers will not be available.

## The treatment room

You will be encouraged to use hand sanitiser when your appointment begins and ends.

Our team will be wearing PPE throughout your appointment. This may seem intimidating but it is essential for everybody's safety.

Our treatment rooms are cleaned and disinfected between patients.
