From 21 June, if the activity is strenuous, masks can be taken off but have to be put on immediately after the end of the activity. <sup>5</sup> Physical distancing of 2 metres between individuals should be maintained while exercising and playing sport in general, and 3 metres between individuals for indoors high intensity or high movement exercise classes, unless the nature of activity requires the distance to be shortened. If there is more than one group sharing a space, the groups must not interact and must maintain a distance of 3 metres from one another at all times.

<sup>6</sup> The restriction against common equipment indoors imposed since 8 May 2021 will be rescinded from 21 June 2021.

<sup>7</sup> Instructors who are interested to conduct large outdoor classes at outdoor public spaces must be registered and can do so via <https://circle.myactivesg.com/programmes/classes/coaches/outdoor-classes-instructor-registration>. Subsequent approval from facility owner need to be sought before activities can be conducted.

7. From 21 June, Sport Singapore's indoor facilities that were closed, will reopen in stages. Please visit <https://www.myactivesg.com/Facilities/Sport-Centres/Facilities-Closure> for more information.

- a. From 14 to 20 June, only outdoor sport / physical activity programmes may be conducted for up to 1 group of 5 participants (including instructor/coach) in total. If the activity is strenuous, masks can be taken off, but will have to be put on immediately after the end of the activity.
- b. From 21 June, multiple groups of 5 (including instructor/coach) up to 30 participants or the capacity limit of the venue, whichever is lower, will be allowed. This applies to both indoor and outdoor activities.

### **OTHER SAFE MANAGEMENT MEASURES**

9. Other SMMs will continue to be in place. These include, but are not limited to:
- a. Physical distancing<sup>8</sup> of 2 metres between individuals must be maintained in general while exercising, and 3 metres between different groups must be maintained at all times. There shall be no intermingling between groups before, during and after classes.
  - b. Mask wearing. Masks should be worn as a default. Masks may be taken off when performing strenuous activity, and it must be put on immediately after the completion of high intensity sport and physical activities.
  - c. Intermingling to be avoided in changing rooms / toilets. Individuals should not intermingle with others and linger within the facilities. Masks must be worn when one is changing in and out of one's sport attire / swimwear. If a mask is removed during shower or face-washing, it is to be worn promptly after. Changing rooms and toilets must be closed off if individuals cannot comply with these SMMs.
  - d. Sharing of common equipment should be minimised. Where the sharing of equipment is permitted, these should be minimised as far as possible. The equipment should be wiped down / sanitised before passing on for use by the next user. This includes equipment such as weights and balls.
  - e. Reducing Physical Interaction & Hygiene and Ensuring Safe Distancing. Owners or operators of facilities are responsible for ensuring safe management measures are implemented, and that their patrons/users comply. Facility owners/operators must:
    - i. Organise human traffic flow and space management to ensure that the mixing of groups is minimised to transient contact;

---

<sup>8</sup> Physical distancing of 3 metres between individuals should be observed for indoors high intensity or high movement exercise classes unless the nature of activity requires the distance to be shortened.

- ii. Put in place measures to minimise crowding or mixing at common facilities e.g. toilets. Where possible, specific common facilities should be designated to specific zones so that attendees from different zones do not mix when using such facilities;
- iii. Conduct temperature screening<sup>9</sup> and checks on visible symptoms<sup>10</sup> for visitors, and turn away those with fever and/or who appear unwell. SafeEntry must be implemented for participants and visitors. From 17 May onwards, all participants and staff are to use either the TraceTogether app or the TraceTogether Tokens for SafeEntry;
- iv. Frequently disinfect common spaces and interactive components (e.g. smart kiosks, turnstiles, changing benches, hooks for clothes, etc). Operators are strongly encouraged to adopt good sanitation and hygiene practices to achieve the SG Clean quality mark;
- v. Place hand sanitisers in close proximity of the facility entrance and high-touch surfaces like door handles. Attendees should be encouraged to sanitise their hands before entering and upon leaving the facility;
- vi. Ensure that participants do not shout while engaging in physical activities. This is because shouting increases the risk of transmission via droplets.

### **RESUMPTION OF SPORT EVENTS FROM 14 JUNE 2021**

10. As part of the gradual resumption of sport and physical activity & exercise, sport events may resume as follows:

- a. Live Spectator Sport Events may resume from 14 June, with up to 50 spectators without the need for attendees to undergo pre-event testing. Should the organiser implement pre-event testing<sup>11</sup>, the number of spectators can be increased to 250, in zones of up to 50 persons.
- b. Mass Participation Sport Events such as mass runs, open-water swims, cycling and triathlon events) may proceed from 21 June. Such events can proceed with up to 50 participants without the need for pre-event testing. With pre-event testing, up to 250 participants (in waves of up to 50 persons) are allowed per session, with different sessions adequately separated by time<sup>12</sup> to avoid the congregation of participants at the venue.

At this juncture, mass participation sport events will not be allowed to accommodate more than 250 participants per session, and will not be allowed to have invited spectators. Organisers are to put in place measures to prevent the spontaneous gathering of onlookers for such events.

---

<sup>9</sup> Individuals with temperatures 38 degrees celsius and above are considered as having a fever.

<sup>10</sup> Notable visible symptoms to look out for include: (a) coughing; (b) sneezing; (c) breathlessness; and (d) a runny nose.

<sup>11</sup> Please refer to <https://go.gov.sg/pet> for MOH's latest requirements and guidelines on pre-event testing.

<sup>12</sup> Organisers may propose the number of sessions and time interval between sessions to ensure safe participation, which may vary depending on context.

- c. Sport Competitions & Tournaments (without spectators<sup>13</sup>) refer to competitions involving timed races or head-to-head matches where there could be multiple heats or qualifying rounds (“sessions”). Such events may resume from 21 June, but must not exceed 50 persons in each facility, with different sessions adequately separated within a day or across multiple days, to avoid congregation.

Each match is capped at 5 persons (which includes the referees if they need to be in the field of play). If there are multiple matches, close contact must not exceed 50 persons a day for each participant. For example, if a team plays multiple matches a day, each team member shall not play more than 49 others (including teammates) in a day.

11. All sport events that involve more than 50 persons in total (including participants, spectators, officials, event crew and support staff) will need to be endorsed by Sport Singapore before they can be conducted. Organisers will have to submit an application to Sport Singapore using the form in Annex A, emailing it to [SPORT\\_Covid@sport.gov.sg](mailto:SPORT_Covid@sport.gov.sg) at least 30 days prior to the start of the event to give time for evaluation and discussion. Organisers are advised not to carry out related marketing/publicity efforts before receiving endorsement from Sport Singapore, as the event may require modifications before it may proceed.<sup>14</sup>

12. Sport Singapore’s endorsement is only for the sport event SMMs. Organisers will need to seek further approval from facility owner / relevant agencies before their event can proceed.

13. Events that were previously endorsed by Sport Singapore will need to have their SMMs updated and organisers are to resubmit their plans using the prescribed form for endorsement by Sport Singapore.

#### **IMPORTANCE OF SAFE MANAGEMENT MEASURES IN THE FIGHT AGAINST COVID-19**

14. During recent engagements organised by Sport Singapore, industry stakeholders agreed with the importance of SMMs to ensure that Singaporeans can continue to engage in sport and fitness activities safely. They suggested to regularly test and vaccinate instructors and staff, which are being addressed with the announced national initiatives for Fast and Easy Testing (FET) and expanded age groups for vaccination. There were other suggestions received, such as discouraging gym-hopping and stepping up the frequency for disinfecting common equipment.

15. Since last year, ActiveSG has implemented a booking system for public gyms, where members can use the ActiveSG app to book a 100-min workout slot. This has allowed Sport Singapore to manage crowding during peak periods at these facilities, as well as clean and disinfect equipment between slots.

16. In the lead-up to the resumption of unmasked indoor sport and physical exercise activities on 21 June, Sport Singapore will be further engaging industry stakeholders to adopt best practices to keep Singaporeans safe as we live better through sport.

---

<sup>13</sup> Sport tournaments and competitions with spectators will be treated as Live Spectator Sport Events.

<sup>14</sup> Organisers will be responsible for the costs of the event (including the additional costs of modifications), and/or compensation to participants arising from event postponement or cancellation.

### **ENFORCEMENT**

17. Government agencies will be conducting inspections. Enforcement action(s) under the COVID-19 (Temporary Measures) Act and the Infectious Diseases Act will be taken against businesses or individuals who fail to comply with safe management measures.

### **FIGHT AGAINST COVID-19 IS A COLLECTIVE EFFORT**

18. Singaporeans are urged to remain vigilant and observe safe distancing measures in place to minimise community transmissions. We all have a part to play in keeping COVID-19 at bay, and protect ourselves and our loved ones.
