Antigen Rapid Test (Art) Self-Test Kits Collection Portal

Antigen Rapid Test (ART) self-test kits are made available over the counter for individuals who are worried that they may have COVID-19 and want to put their mind at ease.

ART screens for SARS-CoV-2, a virus that causes COVID-19. It is a quick screening tool to pick up any possible infection early. The test is easy to do and safe, taking only less than 20 minutes
