

We help
Independent
schools
work smart.

Discover the possibilities.

Discover the possibilities.

Uncover the software used by 3000 schools across Australia.

Future focused

Our commitment is to help nurture the future of Australia's children by providing the tools to help teachers and schools work smart.

Continuous Evolution

Designed by education professionals, Sentral has evolved from an onsite server-based system to a scalable 'Software as a Service' solution that can be deployed across multiple campuses.

Offering state-of-the-art, Microsoft cloud-based hosting, Sentral ensures your data is safe, secure and always accessible.

Sentral provides a comprehensive platform that services all school administration and student management needs.

Highly configurable, Sentral offers modules that can be activated as your organisational needs grow. Our dedicated team of customer success managers and technical support staff ensure your school's administration operates seamlessly.

Empower your teachers today, with Sentral.

Unique Positioning

Sentral recognises the complexity of individual school contexts, with multiple systems running in concert to achieve organisational objectives.

With the ultimate goal of ensuring the best possible learning outcomes for students, a robust platform is needed to form the backbone of your school's operations; combining administration, timetabling, LMS and more.

Sentral's modular design and advanced integration capabilities provide the environment to reliably connect your school's interdependent software solutions.

Maximising Efficiencies

In a climate of increased accountability and regulatory compliance, time spent on teaching and learning is a critical priority. Sentral helps to enable this by making all aspects of school administration and student management seamless and simple.

Sentral frees up precious time and helps teachers maximise their effectiveness in learning environments; achieving better learning outcomes for students.

Sentral understands the demands of the modern work environment. With state-of-the-art, Microsoft cloud-based hosting, Sentral provides secure access to your data, anytime and from any device.

School Management made easy

Sentral offers an intuitive web-based interface for school management in any school.

Unrivalled integration

Seamlessly integrates with curricula, preferred timetabling, authentication or other existing systems.

Designed by educators

Sentral has been designed by teachers, principals and other school professionals so it works the way you expect it to.

Support when you need it

Through the integrated self-help centre as well as our prioritised system of lodging cases which is 100% locally based in Australia.

Choose what you need

With Sentral's modular design, you can activate the applications that suit your school right now and turn others on later.

Your data stored where you want it

Sentral offers flexible deployment models in the cloud for a single school or enterprise group.

Solutions

– A Modular approach

We've developed Sentral to enable different roles within your school to effectively meet organisational objectives.

Modules are categorised and grouped with appropriate levels of access to allow staff to meet their immediate responsibilities. Where necessary, information can be shared in accordance with need, fostering collaborative work methods.

Scalable and highly configurable, Sentral modules can be activated as your organisational needs grow and evolve. It's part of our commitment to being future focused.

Sentral Modules

Administration

Sentral Finance

Assessment
& Reporting

Attendance

Wellbeing

Parent Portal
& Mobile App

Administration

Intuitive and efficient modules to ensure streamlined back-office operations.

Sentral Administration provides easy oversight of your school's critical functions. A focus on streamlined operations enables you to manage student information, infrastructure and resource allocation from a centralised system. And whilst your school is highly organised, variations to your school's routine can be handled efficiently, ensuring smooth daily operation.

Admissions

A superior first contact experience that seamlessly transitions new students to successful enrolment. Admissions is customer focused, improving communication, management of enrolment applications and lead generation.

Households

Easily oversee complete household information including family members, and primary and emergency contacts. Manage complex family structures and ensure appropriate communication.

Student Profiles

Centralised access to student profiles providing a comprehensive view of student data.

Health

Create detailed records of student health requirements, medication management and individual health care plans. Efficient management of sick bay / health centre records.

Variations

All classes, activities and events covered when staff are absent, or conditions change. A more efficient method for daily organisation, allocating resources and maintaining supervision compliance requirements.

Asset Manager

Create asset registers for more efficient oversight of resources and equipment.

Activities

Plan, approve and manage all aspects of school excursions and co-curricular events. Work collaboratively with departments within the school to ensure that activities run smoothly with your school's overall schedule of events.

Timetables

Timetable viewer linked to external third-party timetable creation software.

Calendars

Complete internal and external calendar functionality, including automatic calendar events that flow through from other modules and Office 365 integration.

Sentral Finance

Comprehensive financial management.

Sentral Finance introduces a level of integration and control that enables superior oversight and functionality. Efficiently handle complex situations and family households with advanced rules and billing notifications.

Offer parents and caregivers the convenience of a secure online payment gateway to efficiently handle payment for fees, canteen, uniform and events. Streamline procedures for staff when requesting materials and resources through a centralised purchase order request and approval system.

- Comprehensive financial management solution that integrates with market leading financial management systems.
- Setup complex billing rules e.g. discounts, instalments, pro-rata, automatic split billing for complex families.
- Online management and payment for canteen, events and uniforms.
- Online parent payment gateways.
- Staff purchase order requests and approvals.

Assessment & Reporting

Integrated tools that ensure quality reporting and comply with state education regulatory requirements.

Assessment and reporting are an essential part of quality teaching and learning. As a fully integrated system, assessment data can be fed directly into academic reports saving the burden of double entry and ensuring data integrity.

The capability to import state-based curriculum outcomes and learning progressions allows reporting to accurately track student and cohort progress; efficiently meeting regulatory requirements.

Academic reports

Integrated reporting system that can draw directly from other modules within Sentral, including academic results, participation records, attendance and more.

Markbook

Record assessment data that feeds directly to academic reports. Create markbooks by class or faculty.

Continuum

Track student and cohort progress in accordance with state-based learning progressions, or custom progressions developed by your school.

Continuous Assessment

Provide regular progress and achievement feedback to students and parents.

Curriculum integration

Built in state and national curriculum outcomes for streamlined mapping against assessment and learning tasks.

Attendance

Manage student attendance and onsite visitors efficiently.

Accurately recording student attendance is a fundamental duty of care. With the option of lesson by lesson, or set time of day, Sentral Attendance works with your school's preferences.

Direct messaging via SMS, email and portal notification allows your school to provide real time updates to parents on student attendance, providing peace of mind.

Flexible attendance for senior students via swipe in/out, and tracking of visitors and contractors can be efficiently managed through strategically placed kiosks.

School Attendance

Manage all aspects of student attendance either at the beginning of the day, or lesson by lesson.

Visitors

Manage school visitors and contractors electronically.

Kiosk

Flexible student attendance via swipe in/out for school study periods and other applications.

Messaging

Notify parents of student absences electronically. Individual or group communication by SMS and email.

Wellbeing

Record student interactions and achievements to improve management of their wellbeing.

Student wellbeing is a major contributor to a child's capacity to learn, achieve and develop holistically as a person. Sentral Wellbeing is highly configurable to your school's needs. It provides both broad overview and in-depth detail of student interactions, achievements, struggles and successes.

With modules designed around the actual experiences that students are likely to encounter, Sentral enables the complementary human connection in managing student wellbeing.

Wellbeing

Record student behaviour and interactions to improve monitoring and positive wellbeing outcomes.

Plans

Design and create individual student learning plans to address specific needs and achieve outcomes-based learning goals.

Awards

Create and keep track of awards with the ability to use automated tiered systems and levels. Create automatic award notifications and generate reports that help to inform policy and practice.

House Points

Automatically or manually award points based on activities, achievements or awards.

Parent Portal & Mobile App

Allow parents to connect with your school and keep track of their child's progress.

In a highly interconnected world, Sentral recognises the need to remotely manage school life in a secure environment. The Sentral Parent Portal allows parents to handle simple matters of administration and to connect directly with teachers.

For networks of schools and campuses, parents can access portal information on a single app.

Messaging

Improve communication with electronic messaging and push notifications.

Parent Interviews

Easily book parent interviews online.

Payment Gateway

Receive and record payments for school events or fees. Increase payment response rates from parents.

Security and Privacy

Secure connections ensuring privacy of personal information and transactions.

Mobile App

Stay in touch on the go with the mobile app for iOS and Android. See key information including attendance, academic reports and markbook results. Children in other Sentral schools (HS & PS) can be viewed in the one app.

Ensuring organisational success

Our extensive experience with independent schools across Australia gives us unique insight into best practice in software platform implementation. Recognising that each school is contextually unique, our consultants can advise on how to learn from leading examples to ensure the most appropriate solution for your school.

We understand that this process involves change. For schools that desire an extra level of guidance, a dedicated success manager can be added to a standard service agreement. This role respects the needs and experiences of your organisation and works collaboratively with your staff to achieve the best possible organisational and learning outcomes.

Support when you need it

Dedicated Success Manager. Unrivalled technical support and training.

We know that support is a fundamental component for successful implementation. That's why our dedicated success managers are there to work with you as your first point of contact.

We know that some problems attract a higher priority. Our online ticket system for lodging cases ensures that your most critical issues are addressed first. This is backed by an experienced and energetic training and technical assistance team. And for those who prefer a self-help option, Sentral is supported by extensive online/print resources and video tutorials.

Success Manager

A dedicated success manager can be assigned to your school, ensuring your organisational objectives are achieved.

Training

Highly experienced and dedicated staff provide engaging and effective onsite and remote training solutions.

Critical Issues

Online system for lodging cases prioritises support to ensure that your most critical issues are handled first.

Self-help Resources

Comprehensive online/print guides and video tutorials.
