

Latino Heroes

Your project involves picking one of these heroes, or another you can choose (must be approved by Profe) and immersing yourself in his/her life and portraying that life in front of others (our class, our community). Your essay is to be between 1-2 pages in length. For Spanish 1 the essay and presentation should be in English. A PowerPoint is also required and you must speak as if you were the person and relating an autobiography. The “mingle” will be you interacting with your peers *in character* as if you were that person whom you have researched.
