

**Board Policy 4106 Nursing Programs**

Nursing students who have already earned a baccalaureate or higher degree from a regionally accredited institution of higher learning are not required to complete any general education requirements that may be required for an associate degree. Instead, these students only need to complete the coursework necessary for licensing as a registered nurse.

The district shall utilize criteria published on the Merritt College Nursing department's web site, current catalog, and current nursing department brochure when screening students for admission to the nursing program.
