

ADMINISTRATIVE PROCEDURE 4226 MULTIPLE AND OVERLAPPING ENROLLMENT

A student may not enroll in two or more sections of the same credit course during the same term unless the length of the course provides that the student is not enrolled in more than one section at any given time.

The Peralta Community College District does not permit enrollment in two or more classes where the meeting times overlap. The computer system is programmed to prevent students from enrolling in a new class that overlaps the time of a previously enrolled class.
