

# Tips to Prepare Your Device for The Summit at Trail Life USA

1. Use a computer with a camera and microphone to get the full interactive experience.

2. Use a [System Check](#) to make sure you have everything ready. You can **check your webcam, mic and speaker output** [here](#) as well. Also, check your [system's quality here](#).

We are working hard to support more browsers and devices, but at the moment **we only support the following operating systems and browsers:**

Operating System (OS)	Operating System (OS) Version	Browser	Browser Version
Mac	10.13+	Chrome	77+
		Firefox	76+
		Microsoft Edge	87+
	10.14.4+	Safari	12.1+ (no screen sharing)
			13+ (full compatibility)
		Chrome	77+
		Firefox	76+
Windows	10+	Microsoft Edge	87+
		Chrome	77+
		Firefox	76+
Chrome OS*	90+	Chrome	77+
iOS Mobile Web**	12.4.1+	Safari	12.1+
Android Mobile Web**	7+	Chrome	77+

\*The Summit is currently testing compatibility with Chrome's Operating System and the use of Chromebooks on The Summit.

This means while you can use a Chromebook with The Summit, you may face some issues with functionality. Should you face any issues though, please do not hesitate to contact our Live Chat Support (available 24/7) for further assistance.

\*\*Please note though, when using mobile, you will not be able to share your screen, use the whiteboard, or go into presentation mode. Therefore, for **Event Hosts** and **Speakers**, you must join the event using a computer or laptop.

Tablets and iPads are **not** supported at the moment
