Dashboard

The screenshot shows the RescueAssist dashboard interface. At the top, there are navigation tabs for Dashboard, Sessions, Devices, and Reports. A search bar is present with the text "Search Devices...". On the right side, there is a "DOWNLOAD UNATTENDED INSTALLER" button and a user profile dropdown labeled "User name".

NAME	STATUS	IP ADDRESS	ACTIONS
H.Andrew_PC	● Online	12.001.2834	⋮
19293_Mac_EngineComp	● Online	829.3728.112	
Server_28451_FLOOR_2	● Online	1931.1123.223	
Dorothy's_Mac	● Offline	223.9182.3334	
Server_28371_FLOOR_1	● Online	122.3.112341.11	

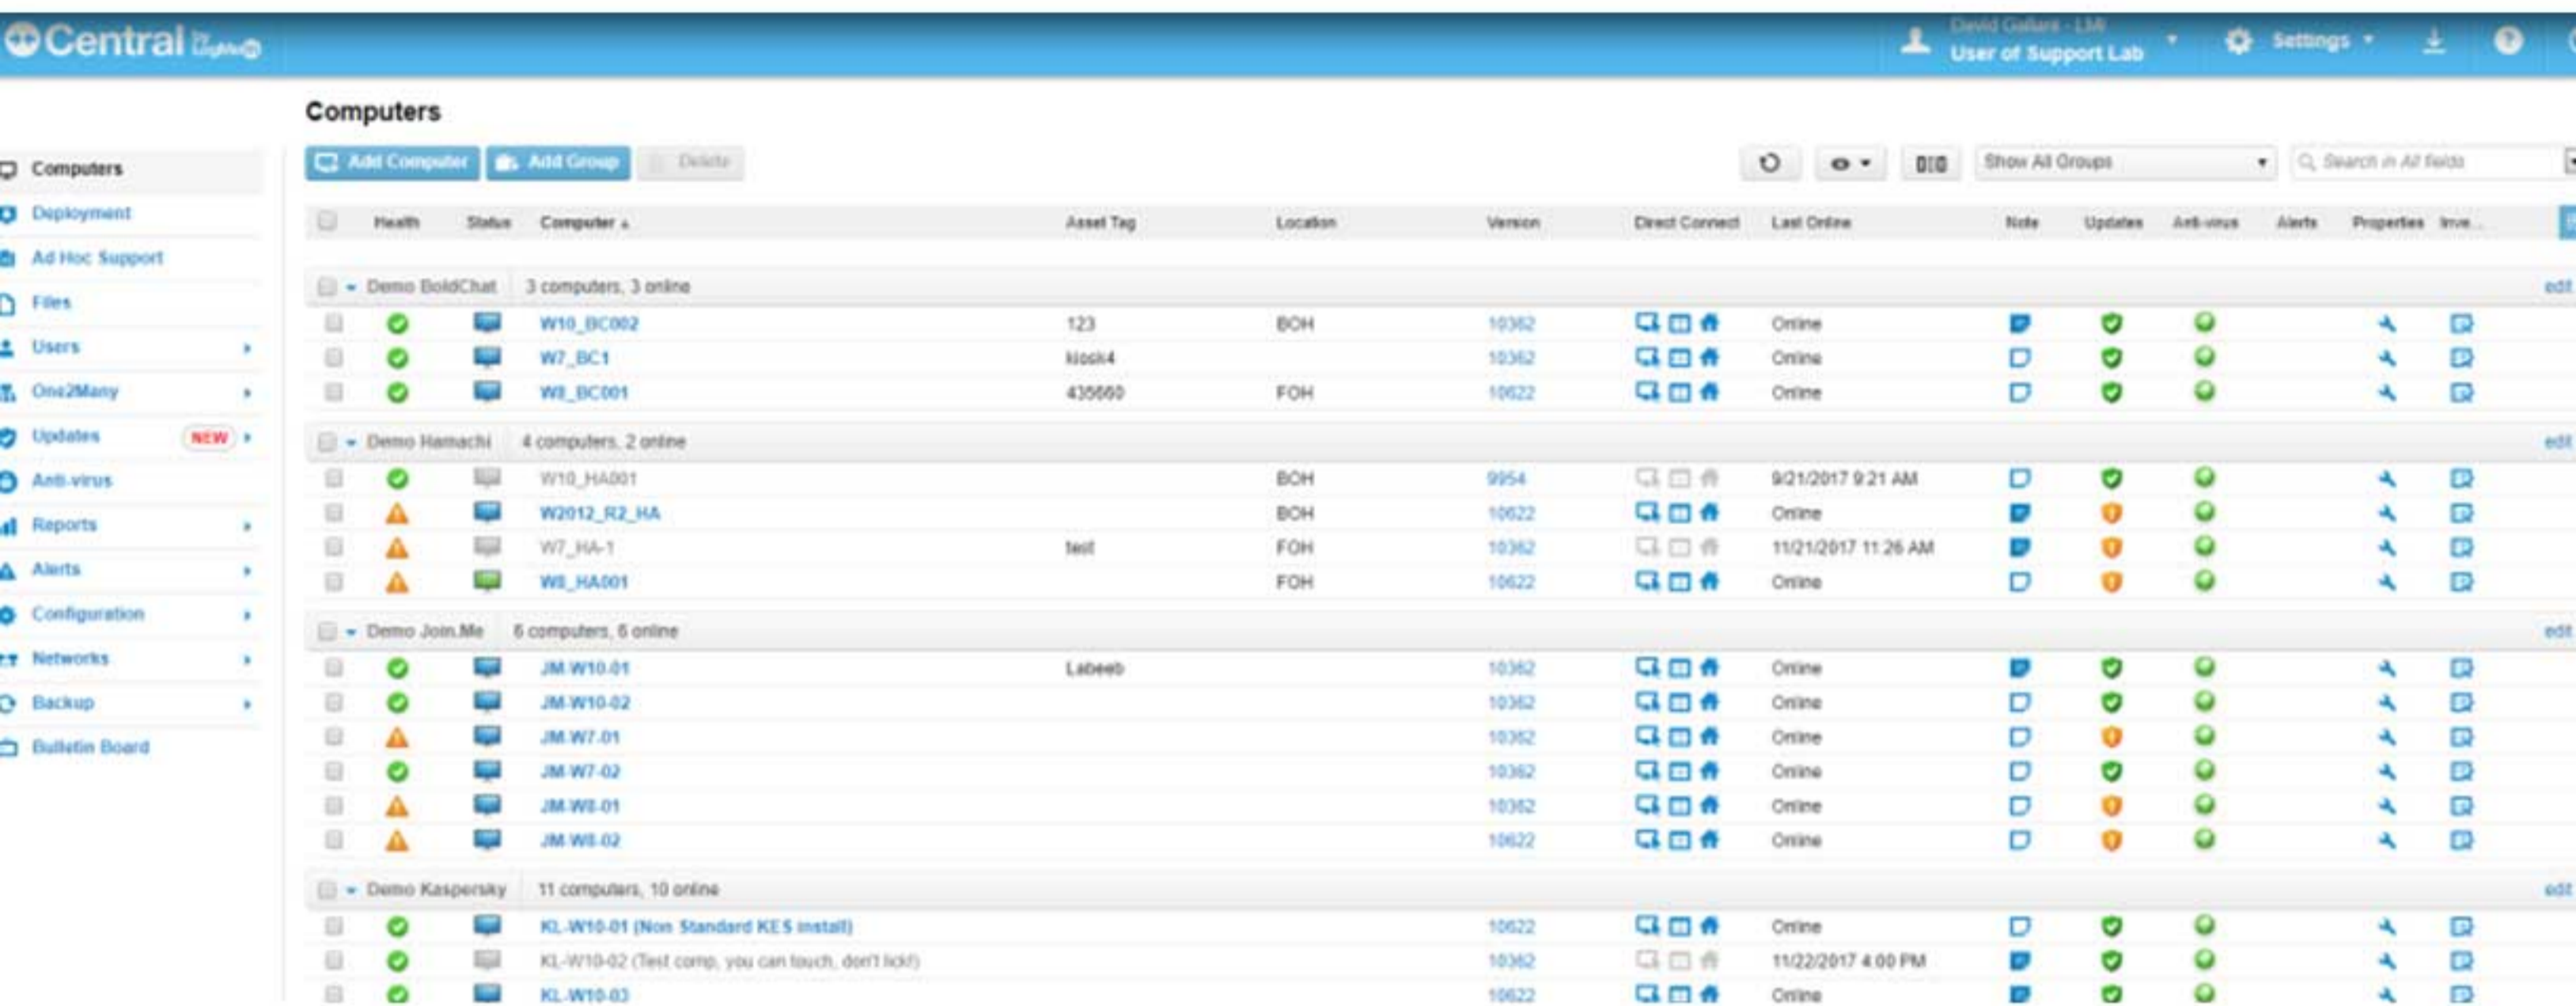

On the left side of the dashboard, there is a sidebar with a "+ CREATE DEVICE GROUP" button and a list of device categories: "All Devices (233)", "Dell PCs", and "LMI Computers". A "RENAME" button is visible next to the "Dell PCs" category.

GoToRoom

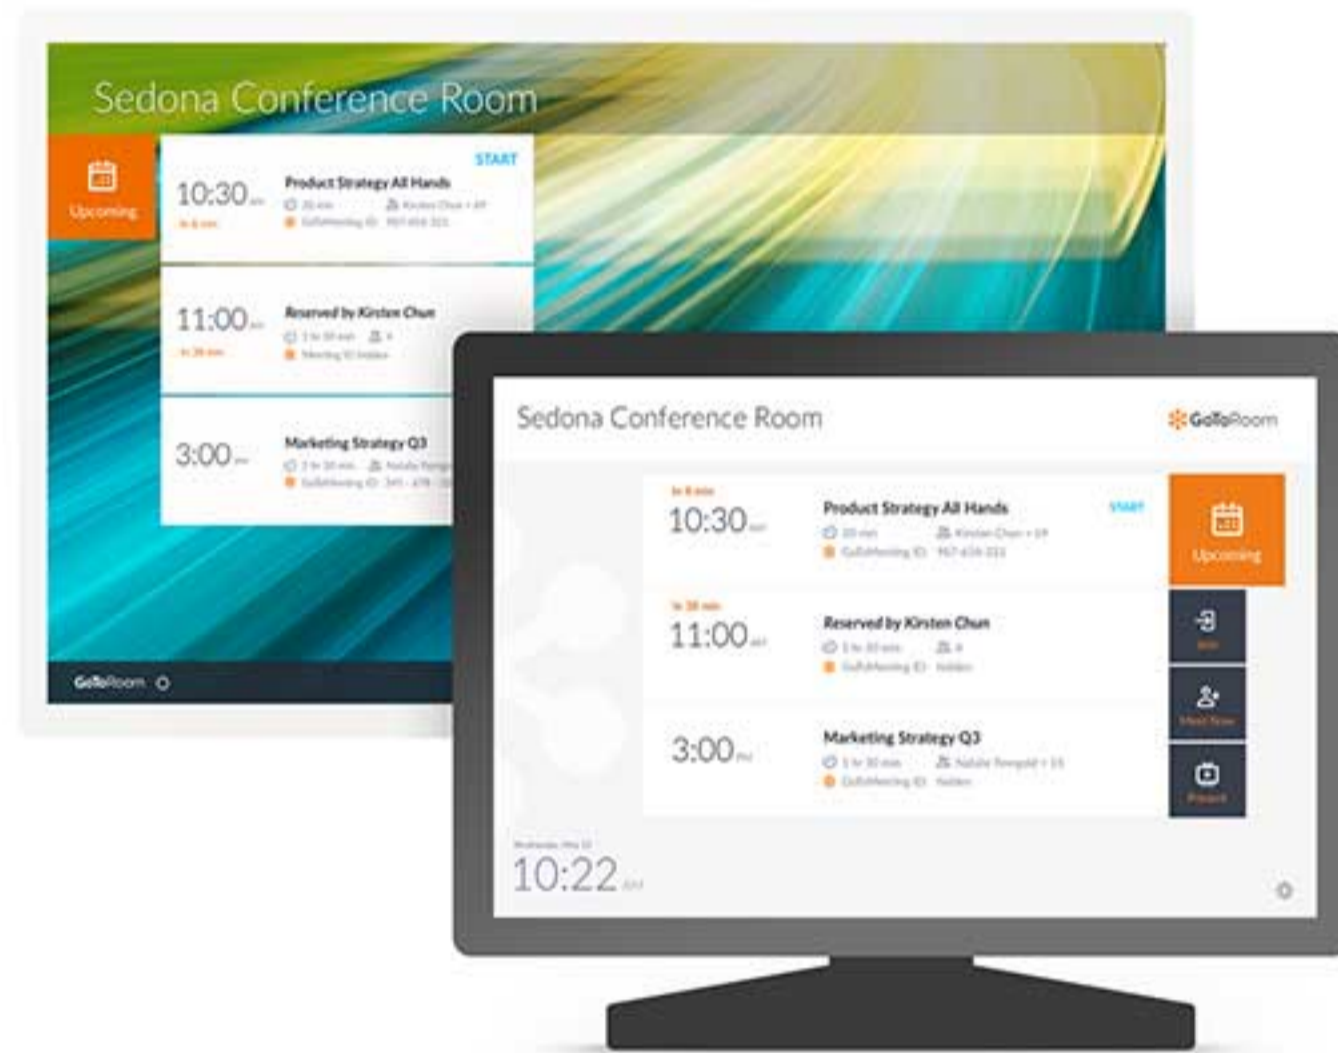

Secure Cloud Services for your online business since 1999.
.Reliable .Secure .Speed .Scalable .Manageable .Compliant

Powered By:

SET UP IN MINUTES. MEET UP IN SECONDS.

Discover the all-new intelligent room solution.

MORE VALUE, NOT MORE WORK

If you are the one who has to deploy and support your business' technology, GoToRoom was designed for you. GoToRoom setup and management are so simple that you get all the value of video conferencing without late nights or extra aspirin.

SOLUTIONS FOR USERS WHO DON'T READ INSTRUCTIONS

You can deal with endless support tickets, or you can choose GoToRoom. GoToRoom is so simple that most users successfully start, run, and end their meetings on the first try—without reading the instructions.

REVOLUTIONIZE YOUR IN-ROOM COLLABORATION

GoToRoom also offers an all-new Dolby-powered experience. Working together with Dolby Voice, GoToRoom sessions become instantly enhanced with intelligent features like attendee framing and crystal-clear sound – everything you'd expect from Dolby's world-renowned audio and video hardware. It's never been easier to bridge the gaps between in-room and remote meeting attendees.
