WHY YOU SHOULD BUY THE CLOUDDESKTOP ON THE GO

Extends PC lifespan

Dramatically extends the life of your legacy PC, creating the perfect stepping stone to thin client computing.

Instant Roaming

With CloudDesktop On the Go, you can easily hop from location to location taking your thin client with you. Your desktop and settings travel with you.

Boosts productivity

Using an embedded & hardened Linux operating system, CloudDesktop boosts your user's productivity by focussing users.

Highly Flexible

Equipped with the latest thin connectivity client software, CloudDesktop will connect to almost any server framework including Citrix®, VMware® and Microsoft®.

Secure and stable

CloudDesktop has been designed to be secure, using a hardened Linux framework, making it perfect for corporate and financial environments

Enterprise management available

CloudDesktop is manageable using Fusion Professional, available as an affordable cost option. Fusion Professional delivers enterprise grade features and quality.

Benefits

Users can hot desk or roam, carrying their thin client with them

Dramatically extends the working life of legacy PCs

Provides a unique stepping stone to thin-client computing

Compatible with Microsoft, Citrix and VMware's virtualization protocols

Central management, using Fusion Professional included with CloudDesktop

Fast and simple installation,

Extremely low cost

Vastly enhanced security & Virus-free workstations
