ABOUT GOLDEN KEY

Golden Key International Honour Society is the world's largest international collegiate honour society for graduate and undergraduate students, and has strong relationships with over 400 universities around the world. Golden Key chapters are committed to implementing service projects and leadership development for all students on their campus. Members qualify when they are at the top 15% of their class, and are given access to a wide range of rewards, scholarships, travel and study abroad opportunities, and more.

MISSION

Golden Key are on a mission—and it's all about you.

A mission to be the society that recognises, rewards and encourages its members beyond expectations. Golden Key members represent the highest performing students, graduates, and alumni in the world, and we'll stop at nothing to showcase your achievements.

KEYNOTE SPEAKER

New Members Recognition Ceremony (Southern Africa)

Welcome by Dr E Castleman.

Dear New Member

It is a special privilege for me to reach out to you. Greetings to you all. This is a virtual ceremony intended for the new members of the Golden Key International Honour Society based in Southern Africa, and to their loved ones watching with them. This is my welcome to you all.

On behalf of the Board of Directors, the International Headquarters, and the Southern African office, welcome to this online new member recognition ceremony. Accredited higher education institutes in Southern Africa are universities dedicated to quality education through academic innovation, research, and most importantly, student engagement. It strives for excellence and recognises your achievements – values that Golden Key hold dear.

I want you to know that membership to this society is a noteworthy achievement:

With less than 10% of our population having the chance to go to university, and only about 5% completing their studies and getting their degrees, you find yourselves in a very special position among the top 15% in your faculty. This is an extraordinary achievement to acknowledge and to celebrate, albeit during this bizarre and disruptive circumstances.

KEYNOTE SPEAKER

Golden Key is the world's largest honour society, founded in 1977 at Georgia State University in the US. Golden Key's aims are simple: to recognise and encourage academic achievement, and to connect brilliant minds across the world. Today, you join a global network of over 2.4 million members, from about 400 universities worldwide. Your lifetime membership allows you access to countless opportunities including sponsorship and influential networks; developing leadership skills, accessing research funding, community service opportunities, and career development.

Golden Key's mission is to enable our members to realise their potential by connecting achievement with service and lifelong opportunity.

I thank the excellent leadership in our universities. I want to thank the committee members in particular for making this society what it is: they volunteered to be student leaders and worked very hard to help build Golden Key. Then there are the chapter advisors that have given their time, guidance, and expertise to this society. We are very thankful.

Good luck for your journey.

I thank you for joining us in this virtual ceremony.

Warm regards

Dr Elmie Castleman
Director Southern Africa
