

SpacetoCo.com is an online marketplace for the short-term hire of spaces. The platform increases the sharing of rooms, venues, offices in communities and connects people in the process. Everything we do supports local economies and makes **Space Sharing** fast, easy and convenient.

How SpacetoCo helps Community Centres: *It's free to join and free to list on our marketplace. We only take a small 15% commission when there's a confirmed booking. We even cover the merchant bank fees. You'll never actually pay out anything to SpacetoCo, we only pay you.*

Types of Spaces that might be listed: *Community Centres, Playground equipment, Auditorium, Basketball Court, Maker Space, Community resource centres, Gymnasium, Swimming pool, Event space, Tennis Court, Family Centres, Boardroom, Neighbourhood Centres, Specific training space, Interview room, Parking, Artist spaces, Community Garden, Learning Centres, Gallery exhibition space and more!*

How Spaces are used: *meet-ups, family celebrations, offsite work events, performances, gatherings, yoga, pop-up shops, music gigs, workshops, launch events, etc...*

How you benefit: *expect new customers engaging with your centre, income from space hire, unexpected connection with new people in your community, additional marketing benefits and more.*

Success Example:

Heathcote Cultural Precinct

- An extra \$5,000 in revenue even after paying SpacetoCo's fee in the first 12 months
- A reduction in staff time needed to manage bookings
- More time made available for community programs
