Android TV Remote Cervino Base

Cervino Base Android TV is an elegant and pure Android TV remote control for mainstream OTT STB

The minimized keypad creates the clean and simple look that matches the Android TV experience. Detailed design of the D-pad gives the user perfect navigation, even without looking at the remote.

Easily integrate with any Android TV STB using UEI Real-Time Configuration tool. Ergonomic design and cost effective, with fast time-to-market. A true off-the-shelf customizable platform.

Customization options include:

- Keypad printing to match your selected key functionality
- Custom Operator brand logo printing in single-color
