

CHALICE™
NETWORK

WHITE LABEL MARKETPLACE

Built for You.
Powered by Chalice.

Capabilities

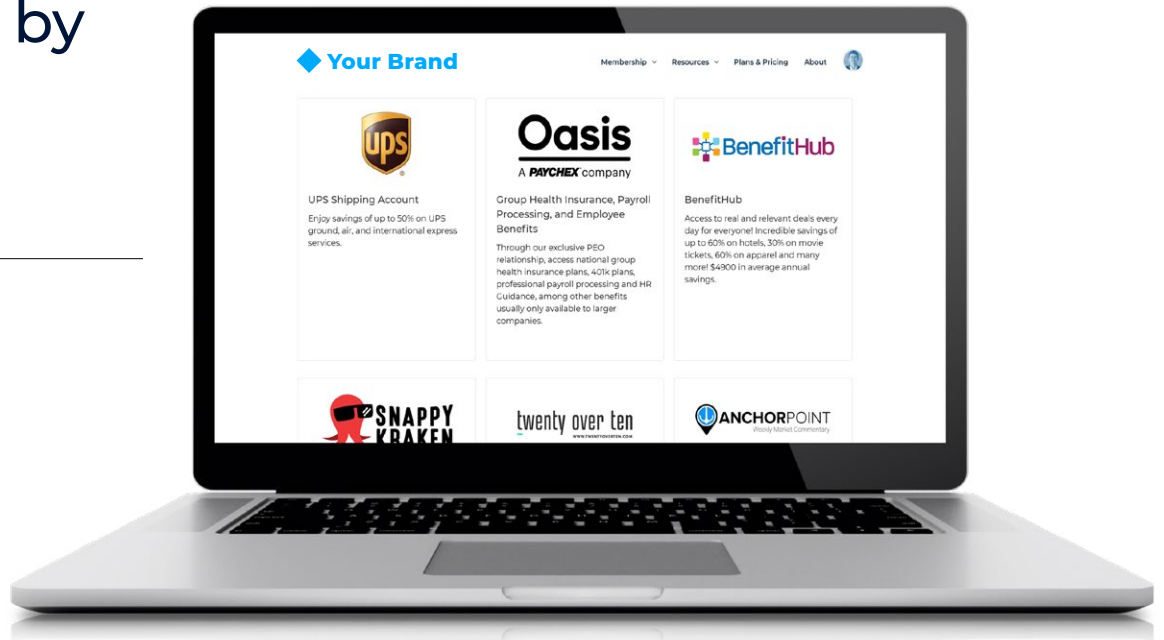

Key Features

Benefits

Chalice Network is a Digital Marketplace and M&A platform (PaaS – Platform as a Service) purposely built to give SMBs economies of scale, operational efficiency, and enhance enterprise value through 2 technology platforms Chalice owns and operates.

WHITE LABEL MARKETPLACE

Built for You.
Powered by
Chalice.

Branded for You

We recognize that branding and design is part of your identity. Our designers will add your company's personal touch, ensuring brand consistency and brand loyalty.

Add Products & Services of Your Own

Our technology makes it easy to plugin, serve up products and services of your own, without the hassle of developing or maintaining it yourself. If you have existing solutions you would like to integrate into the marketplace, we can establish the SSO for you.

When We Grow, You Grow

Chalice Network continues to add new benefit solutions to the digital marketplace. White-label clients have the option to add new benefit solutions as they roll out to the Chalice Network.

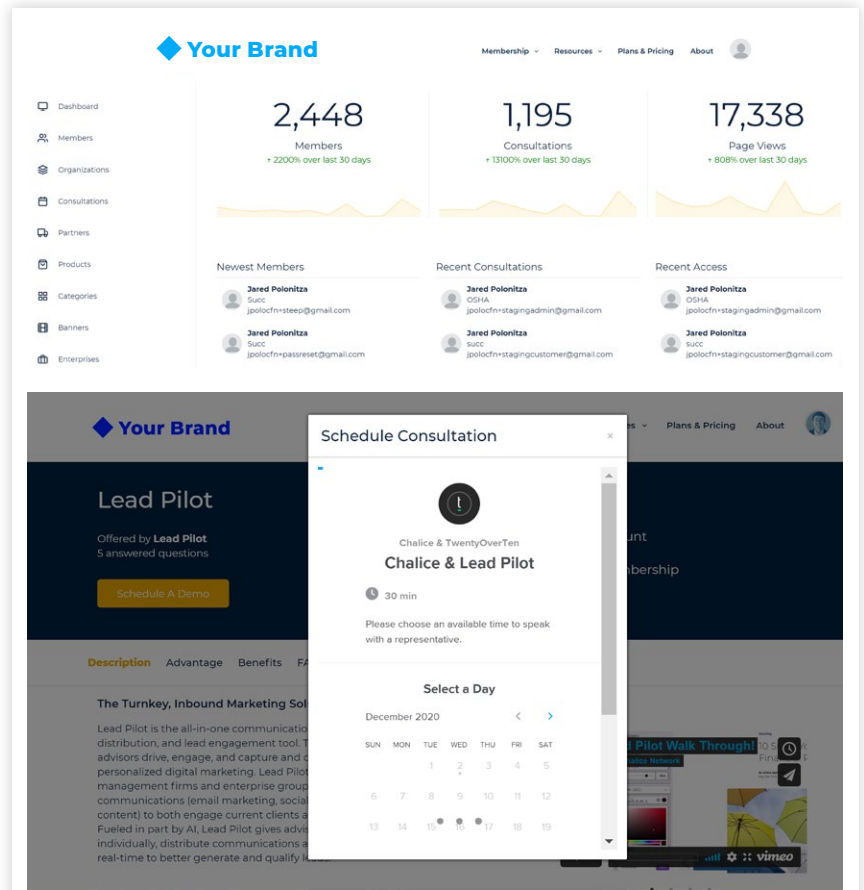

New benefit solutions are made available every quarter.

WHITE LABEL BENEFITS

Built for You. Powered by Chalice.

Increase Client Loyalty & Client Life Time Value

We have performed the market analysis, competition analysis, and strategic vetting required to negotiate exclusive, superior benefits for over 40+ industry-leading business products and services. A white-labeled marketplace empowers companies to leverage these existing benefits to increase loyalty and the lifetime value of their clients.

Differentiate From Competition

In addition to your core offering, you are able to give clients something your competitors can't. Delivering thousands of dollars in business-related savings and access to very exclusive, vital services only available through large corporate entities.

New Found Revenue

Our technology amplifies cross-sell opportunities that live outside the Chalice ecosystem. Enterprise clients also have the option to participate in a fee structure that shares a percentage of the Chalice Network membership fee.
