Classic Series Alexander Technique Tables

Ideal for table work, the firm, flat surface of this table is ideal for use during Alexander lessons. Larger width and length options allow the student to feel confident on the table, while the 24-34" height range makes for a more comfortable stance for the teacher. The design complements most decor and comes in a variety of on trend colors. Table folds in half for compact storage. Tested to 800 pounds, our superior construction features extra-rigid birch for strength and flex-resistance. Our combination Inverted Truss and Cable Lock systems give you additional stability and support at all points. Face rest and carry case sold separately.

FK-3003-73
