SACRED EARTH BOTANICALS® CERTIFIED FRACTIONATED COCONUT OIL:

Our USDA certified organic Fractionated Coconut Oil (FCO) is derived from organically grown and harvested coconuts. Unlike standard FCO, it meets USDA National Organic Program requirements by using steam distillation and hydrolysis to separate the fatty acid chains rather than using chemical solvents. Our FCO is highly stable and will remain usable for several years. It is odorless, light, absorbs easily, and will not stain your sheets. FCO's antioxidant properties make it an effective moisturizer for your skin. It is completely soluble with other oils, making it an ideal carrier for your favorite essential oil blends. Our FCO will remain liquid at room temperature.

SACRED EARTH BOTANICALS® CBD INFUSED PRODUCTS:

What Is CBD?

CBD stands for cannabidiol. It is one of the many cannabinoids derived from the hemp plant. It works by supplementing the body's own production of endocannabinoids which help regulate many aspects of daily life like pain, mood, sleep and appetite. The CBD we use is derived from hemp plants grown in the western US. The plants are grown without pesticides and contain no GMOs. We use the purest form of CBD called CBD Isolate and it is lab tested for purity.
