# About Wesley Allen

Wesley Allen is the leading manufacturer and designer of expressive and eclectic iron furniture. Similar to us, they have a track record for superior quality and continue to deliver affordability without sacrifice to quality and aesthetics.

They only use premium materials to ensure that their furniture withstands time – it's no wonder we're such good partners!

Visit our showroom so you can choose from more than 100 different styles of iron bed frames and headboards, and 40 different hand-applied finishes. More good news? We offer delivery and set up, too.
