# CONNECT TO BLACKBOARD
Powered by IN TIME TEC.

1. Description

Connect to Blackboard is a dedicated application for educators, administrators, and students to enhance their HP MFP Blackboard use. Users can securely scan important documents directly into Blackboard Learn and print using any Workpath-enabled HP MFP.

2. Key Features

2.1 Multi-user role login from an HP MFP

Administrators, Instructors, or Students can login using their Blackboard Learn credentials. After logging in, they can scan or print any file attachment from an HP Workpath-enabled MFP.
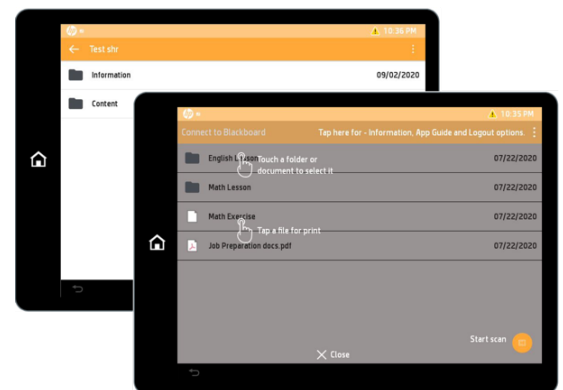

2.2 Print from Content Folder

Students or Instructors can print any file from the content listing, subfolder, or from the document itself.

2.3 Scan in Content Folder

Instructors can save scanned files in a content folder, subfolder, or in content items.
