## DIFFERENTIATORS

We garner our partners' trust and confidence that we will support them and deliver the highest quality services through the following differentiators:

### Delivery

Commitment to on-time, on-budget, with quality or we don't charge. Agile development methodologies providing project transparency and clear prioritization. Scrum-certified product owners and project managers.

### Relationships

Customer-driven development model focused on solving customer challenges in a way that has a powerful impact on the end-user experience. Open and candid communication to minimize breakdowns and accelerate breakthroughs.

### Values

Commitment to delivering business value as defined by our clients. Commitment that our clients experience our core values of Trust, Transparency, Integrity, and Leadership.

**WE PROMISE**

ROI or you don't pay

## CREATING ABUNDANCE THROUGH MICROSOFT DYNAMICS

Microsoft Dynamics is a line of enterprise resource planning and customer relationship management software applications. It allows many different types of departments to work within Microsoft 365 to input and track data, gain powerful insights via analytics, automate workflows, create omnichannel customer experiences, and much more.

TEAMWORK  
across the company

### FULLY CUSTOMIZABLE DATABASE

#### The Challenges

Our client, a department for the State of Idaho, was using a +20-year-old system to manage thousands of records of data for the entire state. This solution was very siloed, a training nightmare, and was creating extra work for our client.

#### The Solution

In Time Tec worked with our client to move from the decades-old system with multiple applications and databases to Microsoft Dynamics, a CRM software. Microsoft Dynamics is a fully customizable solution that allows us to create one database and reporting system for our client.

#### The Results

*Increased capabilities:* Shorter learning curve and less training. Reduce redundancies in system

## WHAT OUR CLIENTS SAY

"In Time Tec's global development model is truly best-in-class providing intuitive user interfaces, big data performance, web and mobile solutions, and dedicated support. Bottom line—**our partnership with In Time Tec makes us successful together.**"

Department Manager  
Printing Industry

**"In Time Tec has become part of our team;** they are co-creators in this project. We have little technical background. They are responsive in their communication, productive in their work and brilliant problem solvers."

Jane Zink  
IdahoSTARS

"I would encourage others to partner with In Time Tec because my experience has been that **they are reliable, super easy to work with, and cost effective**"
