GREEN PACKET SEES CONTINUED INCREMENT IN LTE REVENUE

International marketing efforts successfully secured more LTE clients

Key highlights of performance:

- Green Packet achieved 8.1% higher quarterly revenue Y-o-Y in operational business pillars (Solutions and Communications pillars)
- Solutions pillar – increased total number of shipped devices in the quarter Y-o-Y by 21.5%
- Communications pillar – recorded 17.3% higher quarterly revenue Y-o-Y
- Loss after tax for the quarter Y-o-Y has significantly improved by 52.2%

KUALA LUMPUR, 27 August 2015: Green Packet Berhad (GPB) achieved total revenue of MYR78.4 million with 8.1% growth in quarterly sales Y-O-Y for its operational business pillars (Solutions and Communications pillars).

Green Packet's Chief Executive Officer, Kay Tan, attributes the positive progress to the group's effective marketing strategy noting, "With showcases at international telecommunication events, we have broadened our market opportunities and thus have a stronger presence in important regions such as Europe and Asia. Our trial clients have expanded twofold from the

beginning of this year, which evidentially contributes in our LTE business growth in these two regions.”

Green Packet saw strong performance for its Solutions pillar where it gained 16.6% higher sales Q-o-Q and grew revenue to MYR29.5 million. The business unit shipped out 21.5% more devices compared to the same quarter in 2014.

“For 2015, we will continue to focus on strengthening our visibility, as well as further enhancing our products and service offerings. Green Packet has created many firsts in the industry, including the world’s first Multi Mode LTE Modems. Our expertise lies in engineering solutions that work for specific clients and respective markets,” added Kay Tan.

Meanwhile, the Communications pillar continues to deliver a stable growth of MYR48.9 million, an increase of 17.3% in quarterly revenue Y-o-Y.
