

Meet the Better Box Collection

We're excited to announce two new features to our product launches:

Better Box Explainer Video Series

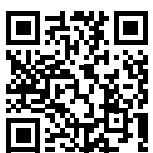

No more than 90 seconds each, our Explainer Series breaks down everything you need to know about our newest product line, including its substrates, assembly, preferred applications, customization opportunities, sustainability profile and more.

View in one full-swoop or cherry-pick a video based on what information you, your customers or end-users need.

Editable Distributor Sell Sheets

Additionally, our Editable Distributor Sell Sheets allow you and your distributors to quickly customize sell sheets with preferred logos, contact info, and Distributor-specific SKUs.
