# ABOUT THE TAMPER-EVIDENT STICKER SEAL

## Applying the TESS

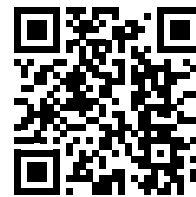

**Simply peel off the complementary tamper-evident sticker seal from the roll. Ideal location for the seals are in front of the box in the crease, right in the center.**

## Removing the TESS

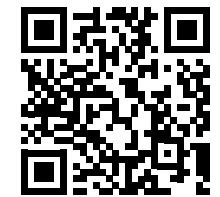

**When peeling off the seal, you'll notice it'll rip off a bit of the kraft box and leave behind a bit of residue. Don't worry—this residue isn't sticky. It just makes it apparent that the box has been tampered with.**
