

Charities & Non Profits

www.rosterfy.com

Engage and retain your volunteers.

Rosterfy works with non for profits and charities (big and small!) to streamline volunteer management for volunteers and administrators alike.

- Replace manual processes with automations
- Screen and schedule volunteers
- Create and send personalized communications
- Reward and recognize your volunteers
- Manage large teams remotely

Our Clients

Control your workflow.

Recruit

Utilize Rosterfy's volunteer portal to engage with your volunteers, providing a central location to apply for shifts, complete training, access communications and redeem rewards.

Engage

Create custom registration forms that allow you to segment and automate the screening and scheduling of the right volunteers for shifts and/or events.

Reward

Show your volunteers you care with Rosterfy's reward and recognition functionality, enabling you to give back to your volunteers in exchange for achieving certain milestones.

Connect

Take advantage of Rosterfy's great integrations available for non-profits including Salesforce and GivenGain, all designed to streamline and enhance your end to end volunteer management.

"It's changed the face of how we run Daffodil Day"

Before using Rosterfy, Cancer Council Victoria (CCV) used spreadsheets to manage their database of 1,800 volunteers across 250 sites, which in their words, was 'a complete nightmare'.

Since implementing Rosterfy, CCV have been able to successfully manage their volunteers en-mass, delivering a more engaging experience through personalized and timely content, whilst enjoying record fundraising efforts.

"Rosterfy frees us up to not be focused on the grind of the roster. With that process automated we can now focus on the experience of the volunteer, and we know there's a direct correlation between volunteer experience and fundraising effectiveness. If our volunteers feel engaged and well-supported then they'll come back and they'll help us raise more funds,"

Jacinta Webster, Volunteer Manager
