Online Training & Induction Modules

The background image is a blue-tinted photograph of a workspace. In the foreground, a laptop is open, showing a video conference interface with six participants in a grid layout. A smartphone lies to the left of the laptop. The title 'Online Training & Induction Modules' is superimposed over the center of the image in a large, bold font. The word 'Online' is white, while 'Training & Induction Modules' is yellow.

Online training & induction modules

Make sure that your volunteers feel confident to deliver their role through Rosterfy's inbuilt training modules with features including:

- Facilitate automatic training based on meeting check point criteria
- Allocate training courses to roles, shifts specific to an individual, group or or all users on an account
- Control which users can see training modules
- SCORM support
- External integration with training course providers that link back to Rosterfy

Create your own courses

Administrators can simply create content and multi choice questions to build their own programs online: Features include:

- Custom branding including colours & logo
- Designed as multiple choice - can have multiple answers
- Course is completed when the user gets to the last step

The screenshot displays the Rosterfy Volunteer Dashboard. The left sidebar contains navigation links: VOLUNTEERS, Dashboard (highlighted), Notifications, Lists, Groups, Forms, Invitations, Contracts, Rewards, and a Logout button. The main content area features a search bar at the top right. Below the search bar, a 'Dashboard' section shows 'Portal/ Dashboard'. A prominent purple banner states: 'You have accepted your offer. Time to start your training!' with a sub-note: 'Training is designed to ensure that you have the skills and knowledge necessary to complete your shift. Please note that anyone who does not complete training will not be eligible to volunteer.' Below this, a 'My Training' table lists available courses:

Name	Estimated completion time	Status
Rosterfy Onboarding Training	30 mins	COMPLETE
Rosterfy Venue Induction	10 minutes	START
Rosterfy F&B Training	1 hour	START

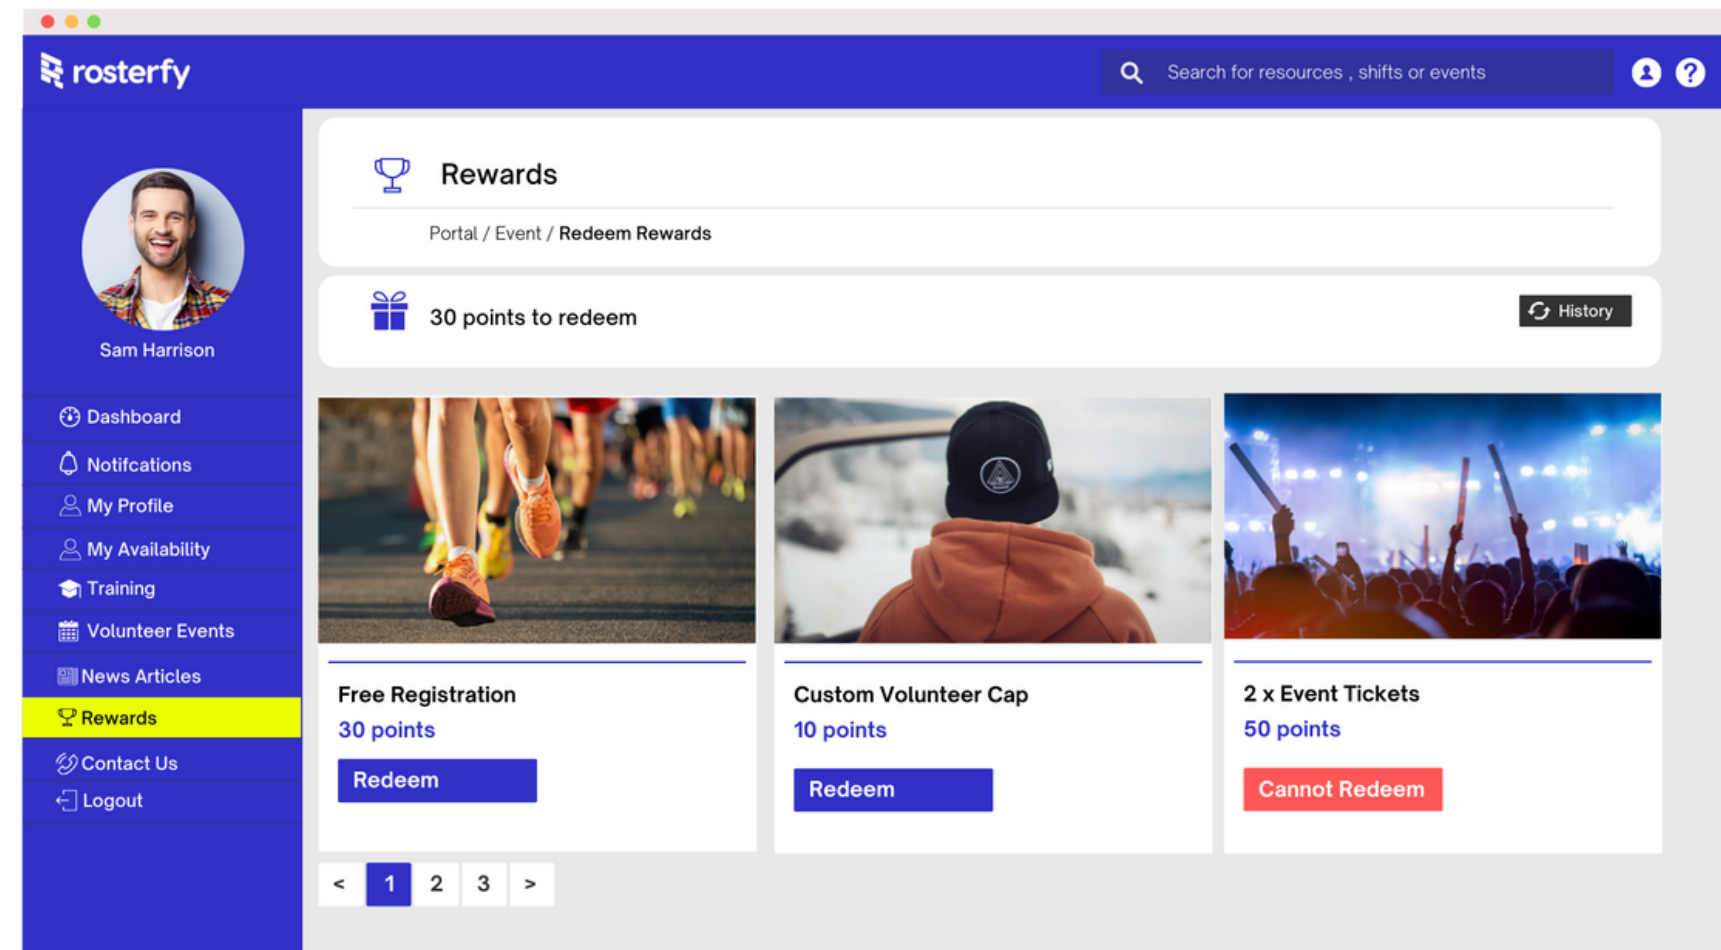

Reward & Recognition

Gamify your volunteer program!

Rosterfy's unique reward and recognition functionality allows organizations to incentivise your volunteers with access to memorabilia, discounts and access to events once key milestones or achievements are met.

Volunteers can access rewards via their centralized volunteer portal, providing a great tool to engage with your volunteers.

Advanced Scheduling & Rostering

Advanced scheduling

Ensure that you attract the right volunteers for your event, organization or cause by replacing manual processes with automations.

Rosterfy's advanced scheduling allows you to:

- Automate rostering
- Allow staff to apply and go through screening
- Advanced multi layered filtering for scheduling
- Set scheduling rules

Need a volunteer with a specific skillset? Use our User Search console to find volunteers and drag and drop them into your shifts.

Rosterfy, it works"

Rosterfy has been the perfect solution for our high volume, low contact workforce in the events industry (music festival hospitality). Our business has implemented multiple staffing platforms over the past few years without success so we are excited to have finally found a platform that we will be sticking with and one that can help grow our business into the future.

Ryan C, Director, Events & Services

"Great value and user friendly"

We have had a wonderful experience from our first introduction. Everyone we have encountered has been more than helpful. When we have questions or concerns I feel like they are addressed in a timely manner.

Brie J, Sports Admin Assistant

"WOW"

Rosterfy is such a great platform to use. The UI is fantastic. It's only been a short amount of time that I've used Rosterfy but I love being able to customize areas such as the volunteers and the user console. Such a good application.

Jon V, Information Technology Field Technician

"Rosterfy is awesome!"

Overall experience has been phenomenal. The Rosterfy team is very supportive with issues and setup of the system. In addition, they truly listen to your needs and take the time to find a way to develop a feature to support that need.

Ann T, Events Professional
