

Your partner for aquaculture reproduction

When you choose to buy from the IMV Technologies group you are buying so much more than just a product. We ensure that our customers are comfortable in using their chosen scanner for it's range of applications, so that they get the very most out of their investment.

What would you use it for?

Both our ExaPad and Easi-Scan:Go are fit for purpose in the fish scanning environment but depending what you would use it for mostly, one system could be more suitable for you.

ExaPad

- Sealed waterproof touchscreen
- Mains or battery powered to fit in with your day
- Multiple probe options for scanning small and large fish and egg measurement

Easi-Scan:Go

- Fully waterproof system
- Lightweight at 850g
- Connect up to 3 smart devices or head-up display for collaborative working
- Record and export data directly to phone or tablet
